QarboGrow

PHOTOSYNTHESIS ENHANCER

- 01** 100% Organic and Environmentally Friendly
- 02** Safe for consumption, perfect for edible crops
- 03** Cost-effective & easy to use
(Dilution Ratio of 1:100)
- 04** Compatible with all plants, fertilizers, and pesticides
- 05** Suitable for foliar spray or irrigation systems

Success Stories

Paddy Agropreneur

By using QarboGrow together with Mr MoleC, my paddy yield increased from 3.3 tonnes to 6.7 tonnes per hectare.

Definitely the best investment I've made for my paddy farm!

- Mr. Zul, Penang

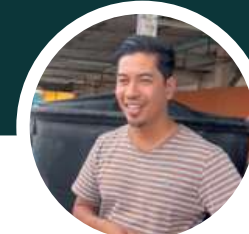

Fruiting Vegetables Agropreneur

We saw straighter and heavier fruits, shinier skins, and more uniform size after we fully adopted QarboGrow at our farm.

Most importantly, our farm net profit soared by 144%. All these thanks to QarboGrow!

- Mr. Syazwan, Selangor

Chilli Agropreneur

Before QarboGrow my chillies were vulnerable to disease. Now, my plants are stronger, and my yield are more stable than ever.

I've even started reselling QarboGrow to help other farmers in my community.

- Mr. Adib, Kedah

Success Stories

Durian Grower

Alhamdulillah, using QarboTree yielded thicker durian flesh-meat & smaller seeds.

My musang king durian also tasted sweet and tangy flavor as if it's grown on the hillside.

- Mr. Zul, Penang

Pineapple Agropreneur

The plants without QarboGrow have fewer leaves, while those sprayed with QarboGrow have more and greener leaves.

Our pineapple yield from QarboGrow plot produced higher yield and the fruits are sweeter.

- Mr. Amran, Selangor

Cucumber Agropreneur

Our yield jumped 7 times after using QarboGrow. We now produce more grade A cucumbers than before.

We also received feedback from Segi Fresh that our cucumbers supplied to them last longer on the shelf.

- Mr. Muiz, Perak

Success Stories

Fig Grower

The improvements have been remarkable. New shoots and leaves grow rapidly, and my fig trees started fruiting faster by about two months.

QarboGrow helps achieve better and faster yields, maximizing our productivity. The fruits develop better taste and quality, making them more appealing to buyers.

- Mr. Hilmi, Selangor

Vegetables Grower (Kebuniti)

Our kebun members were so thrilled that our veggies are now growing so well after only 3-spray of QarboGrow.

We all can't wait to harvest our fruit of labour!

- Pn. Adilah, Selangor

Organic Paddy Grower

Since using QarboGrow, my rice yields have improved dramatically – with stronger, healthier plants and up to double the grain per stalk!

QarboGrow is an essential, eco-friendly boost to my farming.

- Mr. Tabein, Selangor

Success Stories

Chilli Grower

QarboGrow helps us maintain consistent yields by boosting plant resilience, even in unpredictable climates.

It strengthens crops during tough conditions, letting us optimize growing windows and recover yields that might've been lost.

- Mr. Scott Teh, Johor

Pineapple Grower

We are pleased to have partnered with Qarbotech. We observed a noticeable improvement in both the harvest cycle by 2 months and the BRIX level, indicating sweeter pineapples.

Overall, we are happy with the results and look forward to future opportunities to work together.

- Mr. Aizat, Selangor

Melon Grower

After I use QarboGrow the difference of the plant growth is faster. Harvest starts 2 days earlier, before QarboGrow usually the weight is 1kg but after using it goes to 1.5kg and sometimes 2kg. The fruits are now sweeter

I highly recommend this product to my friend and they are using it.

Let's Grow Together

Testimoni

Usahawan-Agro Padi

Dengan menggunakan QarboGrow bersama Mr MoleC, hasil padi saya meningkat daripada 3.3 tan kepada 6.7 tan sehektar.

Memang pelaburan terbaik yang pernah saya buat untuk sawah padi saya!

- En. Zul, Penang

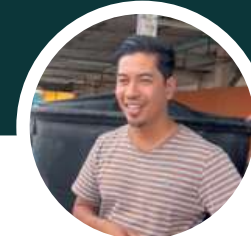

Usahawan-Agro Sayur Berbuah

Kami mendapat hasil buah yang lebih lurus, lebih berat, kulit lebih berkilat, dan saiz yang lebih sekata selepas menggunakan QarboGrow di ladang kami.

Yang paling penting, untung bersih ladang kami meningkat sebanyak 144%. Semua ini kerana QarboGrow!

- En. Syazwan, Selangor

Usahawan-Agro Cili

Sebelum menggunakan QarboGrow, cili saya mudah diserang penyakit. Sekarang, pokok lebih kuat dan hasil lebih stabil.

Saya pun sudah bermula menjual QarboGrow untuk membantu petani lain di komuniti saya.

- En. Adib, Kedah

Testimoni

Usahawan-Agro Durian

Alhamdulillah, dengan penggunaan QarboTree, isi durian jadi lebih tebal dan biji lebih kecil.

Durian Musang King saya juga berasa manis, seolah-olah ditanam di lereng bukit.

- En. Zul, Penang

Usahawan-Agro Nanas

Pokok tanpa QarboGrow berdaun sedikit, manakala pokok yang disembur QarboGrow mempunyai lebih banyak daun dan lebih hijau.

Hasil nanas dari plot QarboGrow juga lebih tinggi dan buahnya lebih manis.

- En. Amran, Selangor

Usahawan-Agro Timun

Hasil kami meningkat 7 kali ganda selepas pakai QarboGrow. Kini kami menghasilkan lebih banyak timun gred A berbanding sebelum ini.

Kami juga menerima maklumbalas daripada Segi Fresh yang timun kami tahan lebih lama di rak.

- En. Muiz, Perak

Testimoni

Usahawan-Agro Buah Tin

Peningkatannya memang luar biasa. Tunas dan daun baru tumbuh lebih cepat, dan pokok saya mula berbuah dua bulan lebih awal.

QarboGrow membantu capai hasil yang lebih baik dan cepat, dengan buah yang lebih sedap, berkualiti, dan lebih menarik untuk pembeli.

- En. Hilmi, Selangor

Usahawan-Agro Sayuran (Kebuniti)

Ahli kebun kami sangat teruja kerana sayur kini tumbuh begitu subur hanya selepas 3 kali semburan QarboGrow.

Kami semua tak sabar untuk menuai hasil usaha kami!

- Pn. Adilah, Selangor

Usahawan-Agro Padi Organik

Sejak menggunakan QarboGrow, hasil padi saya meningkat dengan ketara – pokok lebih kuat, lebih sihat, dan bilangan padi setiap tangkai, hampir dua kali ganda!

QarboGrow benar-benar jadi penambah hasil yang mesra alam dan penting untuk sawah saya.

- En. Tabein, Selangor

Testimoni

Usahawan-Agro Cili

QarboGrow bantu kami mengekalkan hasil yang konsisten dengan meningkatkan daya ketahanan pokok, walaupun iklim yang tidak menentu sekarang.

Semasa keadaan sukar, ia menguatkan pokok dan membolehkan kami optimum peluang pertumbuhan dan memulihkan hasil yang mungkin hilang.

- En. Scott Teh, Johor

Usahawan-Agro Nanas

Sangat memuaskan dapat bekerjasama dengan Qarbotech. Penambahbaikan dalam kemanisan dan menuai seawal 2 bulan.

Keseluruhannya, kami sangat gembira dengan keputusan penggunaan dan berharap dapat bekerjasama lagi.

- En. Aizat, Selangor

Usahawan-Agro Melon

Selepas guna QarboGrow, pertumbuhan pokok membesar lebih cepat dan saya dapat tuai 2 hari awal. Sebelum ni berat hanya 1kg tapi sekarang beratnya sehingga 1.5kg dan ada juga 2kg. Buahnya pun lebih manis.

Saya mengesyorkan produk ini dan kawan saya pun dah guna juga.

- Pn. Syahrums, Kedah
