SUPASO – The ALPLA of
insulation packaging.

Traction & Validation

An aerial photograph of a large industrial building with a grey corrugated metal roof. The roof is covered with numerous dark blue solar panels, arranged in several large rectangular sections. The building is situated next to a paved parking lot. Several cars are parked in the lot, including a red car, a white car, and several dark-colored cars. To the right of the building, there is a curved road. The surrounding area includes green grass, trees, and a large brown field. The text "PILOT PLANT HARTBERG" is overlaid in white, sans-serif font in the center of the image.

PILOT PLANT HARTBERG

+300 CUSTOMERS
+1.000.000 PACKAGING UNITS SOLD

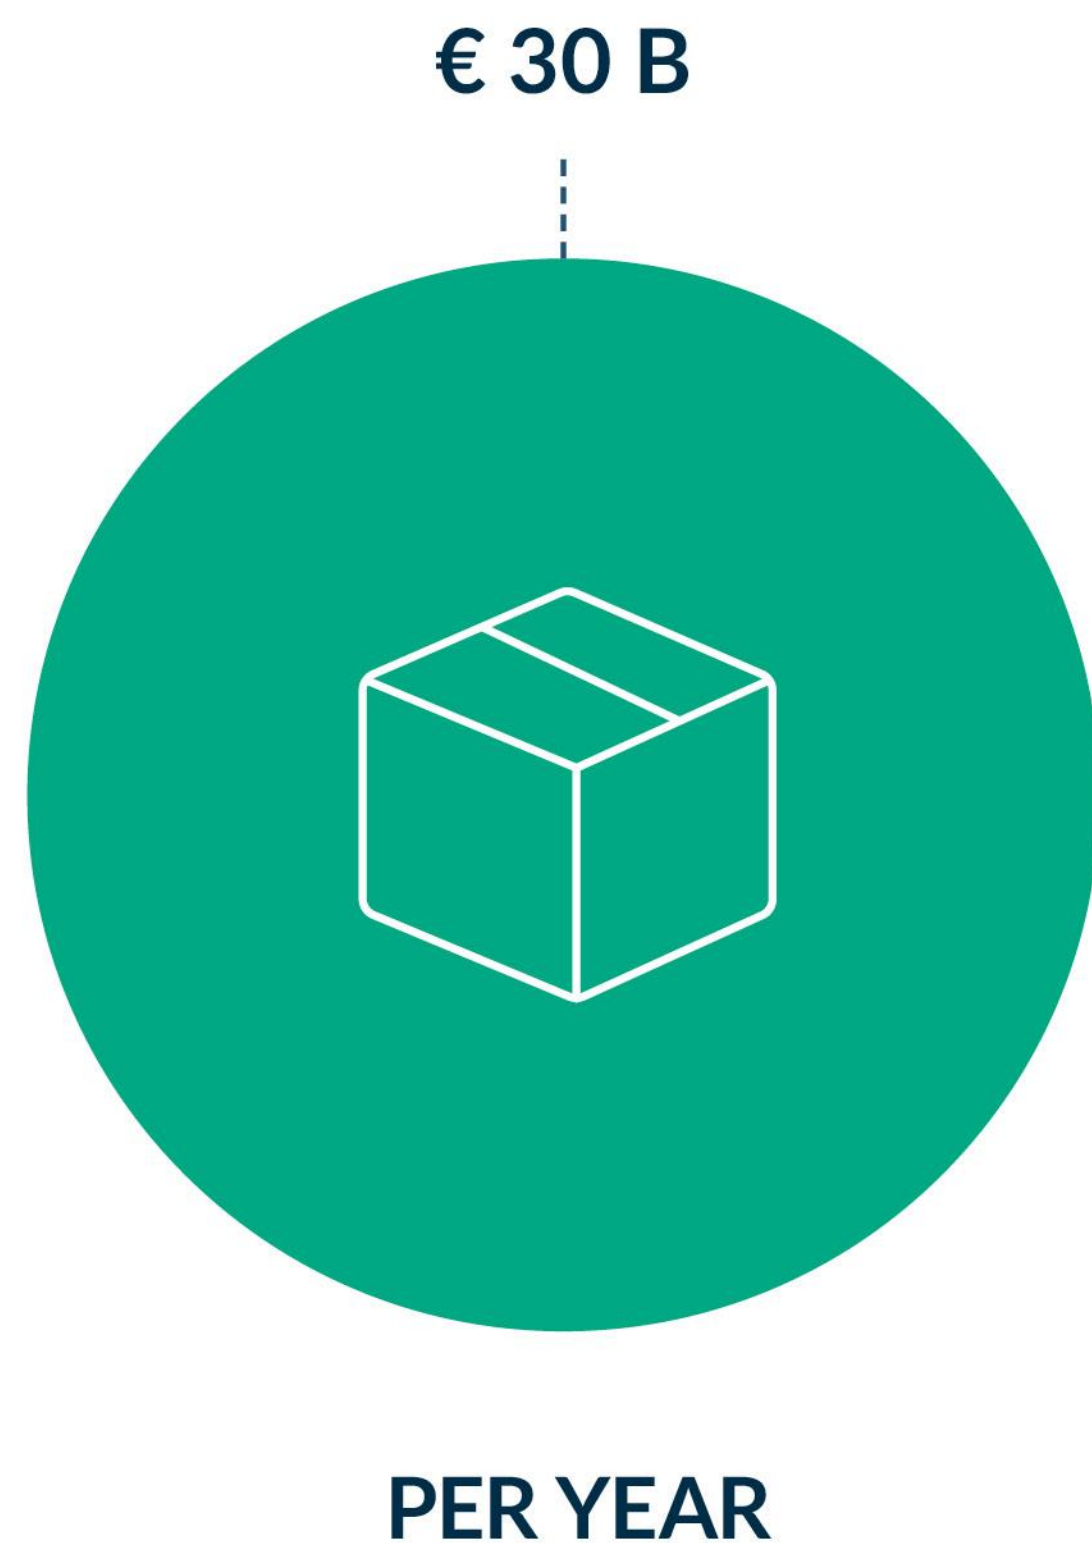

Prototype 2.0 is launching
