AIX EN PROVENCE

A GENUINE PARADISE IN THE HEART OF PROVENCE

Nestled in the heart of Provence, between the Trevaresse hills and the Durance terraces, Château Paradis is more than a winery. It's an exceptional and lovely spot, a living place where time seems to have stopped, offering a unique setting to relax, breathe, and reconnect with what truly matters.

Our mission is to bring you the best that nature has to offer, with care, passion, and reason.

OUR VALUES

High Standards

Driven by a constant desire to offer the Best, the Thiéblin family embodies a refined high vision of winemaking, where quality meets personality. Through our wines, we share two stories: one of Provence's unique terroir and one of the people who cultivate it with passion.

Sustainability

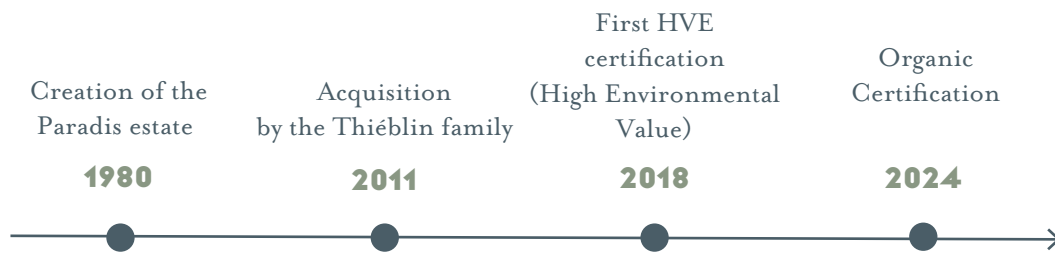

Certified in Organic Farming, Château Paradis goes beyond this recognition. We continuously explore innovative practices to secure a sustainable future for our earth and enhance its natural wealth.

Shared Conviviality

Château Paradis is a place of generosity where pleasures of life and land meet. Experiences, flavors, and conviviality are at the heart of our philosophy. Every visit is an invitation to explore the unique delights of our "Paradise."
