## Detect Everywhere

AirBELD adheres to the IAQ guidelines and recommendations by WHO and by the European Union Air Standard directive to ensure healthy lives and promote well-being.

## Manage your IAQ device via smartphone, tablet or PC

- Receive complete picture of IAQ in user-friendly app
- Access real-time monitoring of air pollutants of chemical or biological nature
- Be notified when pollutants rise above normal levels
- Collect data and customize reports
- Involve multiple users for device management and control
- Integrate your smart devices with API
