MOTRINDE 30 ANOS

Montagens Técnicas e Reparações Industriais, S.A.

EFFICIENCY | KNOW-HOW | QUALITY | SATISFACTION | DILIGENCE

Motrinde has 30 years of experience in the metalworking business, which allows us to produce excellent results in the fields of metallic construction, industrial maintenance, changing layout and moving equipment.

With qualified professionals, Motrinde always bets on training and on process updating, taking the best position of the national and international markets.

The know-how that was gathered throughout the years allows Motrinde to provide their service in various industries, given the transversal nature of its work.

The facilities have a total area of 164,000m², 20,000m² of which are covered, contemplating 11 industrial pavilions, several machinery, means of lifting and cargo transportation.
