

FOOD SERVICE SOLUTIONS

Mac Churros

- Our churros from are made with the same traditional recipe which has been used for hundreds of years, always adapting and innovating with changes in technology.
- We only use 100% natural ingredients; selected wheat flour, water & salt.
- No additives or preservatives are used.

- **Mac Churros** represents the union of innovation and tradition for the Retail and Food Service channels. Traditional Spanish snack, **Mac Churros** churros evoke the “churreria” experience.
- We are endorsed by the following certifications:

“New Techniques for Ancient Traditions”

Heat & Enjoy

	Equipment	Preparation Time	Temperature	Instructions
	Toaster	3-4 minutes	200°C	Place the churros directly in the toaster, heat until golden brown.
	Oven	4-6 minutes	180°-200°C	Preheat the oven. Bake until crispy.
	Airfryer	3-5 minutes	180°-200°C	Place the churros in the tray. Cook until evenly golden brown.

"This format is perfect for professional kitchens: clean, practical, and easy to prepare with any equipment. Serve delicious churros in minutes, with total convenience and no hassle for kitchen staff."

Solutions for the FOOD SERVICE

At Mac Churros, we are more than just churro manufacturers. We position ourselves as **strategic partners** for the FOOD SERVICE channel, offering **tailor-made solutions** that meet the needs of your business and your customers.

Innovation in Products and Formats

- **Variety of shapes and sizes:** From traditional churros to mini-churros, and creative options in different sizes and colors, perfect for adapting to a wide range of menus and customer preferences.

Ease of Preparation and Waste Reduction

- Our churros are **ready-to-heat and serve**, eliminating the need for frying and avoiding oil management and waste.
- The **preparation process is quick and easy**, ideal for high-volume kitchens. In just a few minutes, you'll have a fresh, delicious product ready to serve without any hassle.
- **Minimize waste:** Since the product is frozen, you only use what you need, helping to reduce waste and optimize operational costs.

Efficient Presentation and Service

- Our formats and solutions are designed to maximize **kitchen efficiency**, simplifying preparation while ensuring **consistent quality** with every serving.
- The ease of preparation is highly appreciated by end customers, who enjoy a freshly made product without additional effort from the kitchen staff

"You can rely on a high-quality product, easy to prepare, and with minimal waste, increasing profitability for your customers."
