HERDADE DA CABECEIRA

In 2019, we began the creation of the Lindeborg Group with the acquisition of **Quinta da Folgorosa**, subsequently joined by **Vale de Cortém**, **Quinta Vale do Armo** and **Herdade da Cabeceira**.

These four estates cultivate wines with the genuine character of the **Lisbon**, **Tagus** and **Alentejo** regions.

Lindeborg Wines Group properties follow the same principle of producing only **authentic wines**, thanks to the extensive knowledge of the entire team, with different flavours that each terroir offers, with Vale de Cortém being our certified brand of organic wines.

We aim to produce 100% **organic wines** in the short term, having 25% of all our vineyards already converting to organic since the beginning of 2022.

We want our wines to be as nature intended and for our consumers to experience it with every bottle they open.

Lindeborg Wine Group produce around 2 million bottles per year.

Lisbon, Tagus and Alentejo complement each other in a unique way, creating a wide range of wines.

To achieve this, and always driven by continuous commercial and environmental growth, we continue the rich Portuguese wine tradition.

We believe in our **sustainable agricultural approach** which, with profound respect for biodiversity, only allows us to intervene as little as possible in the vineyards, the only one that enables us to produce wines of high character, with zero added sugar and with an unique personality.

We thus combine traditional methods with current techniques, respect for each human being with market pragmatism, knowledge with the talent to produce excellent wines.

VISION

Provide a different and authentic sensory journey with each bottle.

MISSION

We are motivated by the dream of continuing to create authentic wines with solid characteristics and in harmony with nature.

VALUES

To be fair to Nature and the people who work with it, in respect for the rich Portuguese wine tradition.

Sustainability leads our business not only in the vineyard but also in the office. Each member of Lindeborg Wines Group is respected and valued as a person and as a professional.

It is important for us to communicate the honesty, the respect, the authenticity in every bottle of wine we produce.

OUR PHILOSOPHY

Sustainable wine practices, from agriculture to distribution

Making conscious decisions, protecting future generations and the planet

Provide moments of joy with each bottle of wine

Drinking wine is traveling where the aromas take us... We want to offer moments, stories to tell, eternal moments of happiness.

Here is the personality of our wines:

AUTHENTIC

The influence of the Atlantic Ocean on each terroir creates a specific identity for each of our wine brands, without the manipulation of industrial technology.

SUSTAINABLE

Sustainable agriculture allows us to get healthy grapes and vegan friendly wines.

TRADITIONAL

Preserving the tradition of Portuguese winemaking and respecting the characteristics of the terroir end in authentic crafted wines.

EXCELLENCE

We are committed to produce the best that our estates have to offer.

“The beauty of our wines is based on the richness of their terroir. Our philosophy constantly seeks to produce wines with a sustainable base, without added sugars, without pastoralization, seeking harmony and balance in a surprising way.”

Diogo Pereira, Winemaker

QUINTA DA
FOLGOROSA

Quinta da Folgorosa has been producing wine since 1711.

The entire range of wines is characterized by having great minerality, freshness, elegance and complexity given by the proximity to the Ocean.

- 50 ha of vineyards
- Clay-limestone soils, at 200/300 m altitude
- Mineral wines that show freshness and natural acidity
- 40 km from the North of Lisbon
- 20 km from the Atlantic Ocean

LISBON REGION

A property nestled between hills with a strong maritime influence, where Nature reigns, always cared for by the hands of Man.

Vale do Cortém is our organic wine boutique where we preserves the ancestral winemaking methods of cultivation, extraction, labeling and bottling.

- Mountainous region near Caldas da Rainha
- Temperate climate with strong maritime influence
- 15 km from the Atlantic Ocean
- Summer temperatures rarely exceed 30°
- Organic certification

VALE DO ARMO

W I N E S

Quinta Vale do Armo is a sunny Lindeborg Group property overlooking the curves of the Tagus River, an exceptional terroir of exposed vineyards inspired by the delicacy of this wine region.

Vale do Armo is thus a brand of true Tagus wines, characterized by smoothness, elegance and fruity flavor.

- 90 ha property
- Smooth and fruity wines
- 100 km northeast of Lisbon, on the Tagus River
- Temperate climate

HERDADE DA CABECEIRA

Herdade da Cabeceira is the newest property of Lindeborg Wines Group.

Alentejo region is influenced by temperate climate but high temperature over summer, giving richness, tropical and fruity flavours to the wines.

We have two brands representing the group, The Vila Justa and Herdade da Cabeceira.

- 55 hectares
- Smooth and fruity wines
- Near Arraiolos, in the middle of the Alentejo interior
- Temperate Climate
