Client Testimonials

"I have nothing but praise for Rapport International. Whatever we send is turned around quickly, professionally, often far ahead of whatever deadline we've asked for. The team at Rapport International has taken a huge weight off my mind. And I know that whenever we need something done that involves translating or interpreting, I can go to them and I'm not going to have to worry." Marlana, VP Community Programs – Peregrine (Translation & Interpretation, Utility Co/Government)

"5 stars across the board. Rapid response time, and the translations were great! We have a customer who helps us by reviewing our translations before we publish them, to make sure technical terms make sense, and they gave us the best response: "What a superior and natural translation to Japanese!!!" - that was from a native speaker. Thank you so much for helping our international company hit new strides." Erica, Marketing Project Specialist–API Technologies (Translation, Manufacturing)

"Our experience working with Rapport International has been really great. They are able to really be responsive and flexible with our turnarounds. It's really smooth and seamless, I would highly recommend them for anybody. They're great. We love them." Julia, Senior Account Executive – MORE Advertising (Translation, Marketing)

"Rapport quickly responded to our need to get some specialized written materials translated. The forms included complicated formatting and PDF barriers, but they worked quickly with us to problem solve how to best complete the task and did a beautiful job. These documents will be so valuable in our work to help individuals return home after a traumatic injury. Rapport is the BEST!" Diana, Program Manager–Madonna Rehabilitation Hospitals (Translation, Medical)
