

skincare
with technology
for all types of
beauty.

True beauty lives in your uniqueness. At Dermachem, our mission goes beyond skincare: we are a democratic brand that celebrates the unique beauty of each individual, offering technology tailored to all needs. We develop innovative and effective formulas, based on detailed research and the real needs of our customers. We want you to embrace your individuality and feel confident in your own skin because we believe that inner well-being directly reflects in your outer appearance. Discover Dermachem Laboratory: skincare with technology for all types of beauty.

where we are

our story

Dermachem Laboratory, a pioneer in the Brazilian market for gel makeup removers and skincare, is one of the largest companies with 100% national production. Our products, which include skincare, beauty solutions, and treatments, are distributed throughout Brazil and in several countries. With a mission to deliver high-tech formulations and accessible quality, we are dedicated to enhancing the beauty of thousands of people. Currently, we are present in 8 countries and continuing our global expansion.

new launches
serums

peony
serum

Our exclusive formula features **0.16% Japanese Peony Extract**, known as the "flower of youth," along with **2% Ceramide Complex**, **1.5% Niacinamide**, and **0.01% Hyaluronic Acid**. This blend hydrates, evens out your skin tone, minimizes pores, boosts luminosity, and tones your skin.

rosehip
serum

With **10% Rosehip Glycolic Extract** and **2% Pro-Vitamin B5**, this formula offers renewal, hydration, radiance, and brightening while evening out your skin tone.

bioretinol
serum

With **0.2% Bioretinol**, an innovative natural ingredient, this serum revitalizes your skin, boosts radiance, and stimulates collagen production. It helps reduce wrinkles and fine lines, improving skin texture, firmness, and evenness.

peptideos
serum

With **2% natural peptide complexes**, this formula works powerfully around the eyes, delivering a lifting effect while reducing dark circles and fine lines.

dermatologist
proven effectiveness

At Dermachem, we believe your skin deserves the best in care and beauty. That's why we've created a comprehensive line of dermatologist-tested products, blending high-quality ingredients with advanced technology and proven effectiveness. Our mission is to provide treatments that revitalize, hydrate, and protect your skin, ensuring visible and lasting results.

hyaluronic 1,5%
serum

Developed with a blend of **1.5% highly permeable hyaluronic acid** and **0.5% niacinamide**, this serum enhances luminosity, evens out skin tone, and tones all skin types.

creamy foams

daily use creamy
cleansing foam

Cleanses and purifies without drying out, leaving your skin feeling refreshed and soft. With a powerful mix of ingredients, including Aloe Vera and Pro-Vitamin B5, your skin will stay healthy, hydrated, and smooth with daily use of this line.

daily use creamy
exfoliating foam

Revitalize your skin with our Daily Use Creamy Exfoliating Foam. It gently smooths and softens your skin, thanks to rice microparticles that remove residue and dead cells, refining your skin's texture. Enriched with Aloe Vera and Pro-Vitamin B5, this formula hydrates and keeps your skin feeling silky soft all day long.

vitamin C
line

liquid face wash
vitamin c

It contains mild surfactants that do not harm the skin. Cleanses, brightens, and evens out the skin, leaving it youthful and refreshed.

exfoliating gel
vitamin c

Vitamin C Exfoliating Gel with Bamboo Spheres and Vegetable Luffa, with its clarifying properties associated with hyaluronic acid, leaves the skin feeling hydrated and revitalized after exfoliation. It cleanses without harming or irritating the skin.

gel
vitamin c

Effectively tested, Dermachem Vitamin C Anti-Aging Face Gel improves skin clarity, softens expression lines, promotes even skin tone, toning, and elasticity, as well as hydration and luminosity.

the power of vitamin C
for your daily skincare routine.

salicylic acid
line

liquid face wash
salicylic acid

Formulated with gentle surfactants that cleanse without harming the skin, leaving it feeling soft and silky.

exfoliating gel
salicylic acid

Developed with pumpkin enzyme compounds that possess a proteolytic function. It cleanses without harming or irritating the skin.

gel
salicylic acid

Moisturizes, renews, and evens out the skin, while removing excess oil and acne. It has a soothing effect on the skin, leaving it feeling rested and renewed. Additionally, it effectively removes waterproof makeup.

rosehip
line

liquid face wash
rosehip

Rosehip and ions Ultra Moisturizing Face Wash was specially developed for cleaning sensitive and extra-dry skin as it requires special care. With emollient and moisturizing assets, it cleans without harming or irritating the skin.

exfoliating gel
rosehip

Containing coconut shell spheres that eliminate dead skin cells, this gel cleanses without harming or irritating the skin.

gel
rosehip

The anti-drying face gel with natural ingredients such as rosehip oil, pro-vitamin B5, and hyaluronic acid helps nourish dry skin, leaving it soft and silky.

your main ally against
excess oiliness.

awaken the natural
