About Us

It all started with a dream.

This small Levanto hotel is the realization of my parents' dream, Lella and Claudio.

Fruit of immense sacrifices, which sometimes seem never-ending (especially to my brother Fabio and myself), but also a source of small and great satisfaction.

After a troubled period of design and construction, we opened our doors on July 12th, 2008.

Everything is not like in our dreams, but season by season, we try to improve and perfect details, not despairing of reaching our initial goal, our ideal... but then, an ideal can remain the same over time?!

Our Rooms

OASI

We have fourteen rooms, on two floors. All different from one another. Those on the ground floor have direct access to the garden, while those on the first floor may have a balcony or not. Our rooms do not have numbers, but letters... because we prefer the font and design style and because we love details (even the useless ones).

They are not in alphabetical order but were chosen based on how beautiful each letter looks.

All the rooms have a private bathroom with a shower and very comfortable new custom-made beds and mattresses, and if you find it too rigid, you can always ask us for a soft topper!

They're equipped with a free smartphone for you to use during the stay, Smart plasma TV with free Netflix, a fridge, free wifi, safe boxes, individual air-conditioning/heating control, a hair-dryer, etc. if you need it, you can even get an iron with the board upon request.

You don't even have to worry about forgetting your toothbrush! You'll find a brand new one in the bathroom.

We also provide you with toothpaste, soap bars, shower cap, shower gel, shampoo, body milk, and even a hair conditioner. Anything for you to feel cuddled and relax...

- Our mattresses are custom-made by "Centro del Materasso," a craftsman from Massa, and almost every time we check out, we are asked where to buy them (even I, Silvia, treated myself to one). But if you find it too rigid, you can always ask us for a soft topper!
- You can check in from 3:00 p.m., but you can also arrive at any time.
- We have a bathroom available for you to change, and we can store your luggage for you to retrieve later in your room.
- On check-out day, you will still be able to leave your luggage at the hotel or your car in the basement until late in the evening and use our spare bathroom to shower and change before leaving.

Near By

Our village is beautifully placed in the extreme east of the Italian Riviera, halfway from Genoa and Pisa, very close to the prized Cinque Terre, Porto Venere, and Portofino.

It has been an appreciated and well-known seaside resort since the beginning of the last century. Here you can appreciate and discover the fantastic show that nature offers twelve months a year.

During summertime, you can enjoy the beach, the sea, and the beautiful rocky landscape, surfing and other sports, and of course various excursions such as a daily trip to Portofino or hiking tour in the Cinque Terre area.

When spring arrives, you can discover the rich Mediterranean flora during a pleasant walk on the coast, during autumn, the warm colors of nature with the local vintage and its famous wines.

Wintertime offers the olives' season with its colored nets used for the harvest and again the sea, completely different in this period.

Our Team

Our team is proudly all-female and deeply rooted in the region — from Sestri Levante, Brugnato, Levanto, and La Spezia — yet our stories begin much farther afield, with origins in Brazil, the Philippines, Argentina, Lithuania, and of course, right here in Levanto.

We all know and love Liguria inside out, but each of us brings a unique personality, set of interests, and cultural background to Oasi.

Together, we speak English, French, Portuguese, Spanish, Russian, Lithuanian, Filipino — and of course, Italian. But beyond languages, we're always happy to help, share a chat, or simply enjoy a laugh together. We can't wait to welcome you to Oasi and make you feel at home!
