

Cluster Health & Mission Cancer Brokerage Event

28 September 2026

Session 1: Healthcare Innovation

Rheumatology and Clinical Immunology

Ewa Więsik-Szewczyk, MD, PhD, DSc

Head, Department of Internal Medicine and Rheumatology

Military Institute of Medicine – National Research Institute
Public research institute, Warsaw, Poland

Clinic office: +48 261 816 491 www.wim.mil.pl

Military Institute of Medicine National Research Institute

Ewa Więsik-Szewczyk

Clinical roles

Department Head since 1 September 2026

Consultant at the adult primary immunodeficiency centre

Specialties

Internal medicine, rheumatology and clinical immunology

Clinical experience

Primary immunodeficiencies and autoinflammatory syndromes

Systemic connective tissue diseases, inflammatory arthritis
and complex autoimmune conditions

Clinical cohorts and expertise

Long-term follow-up of adult patients

160

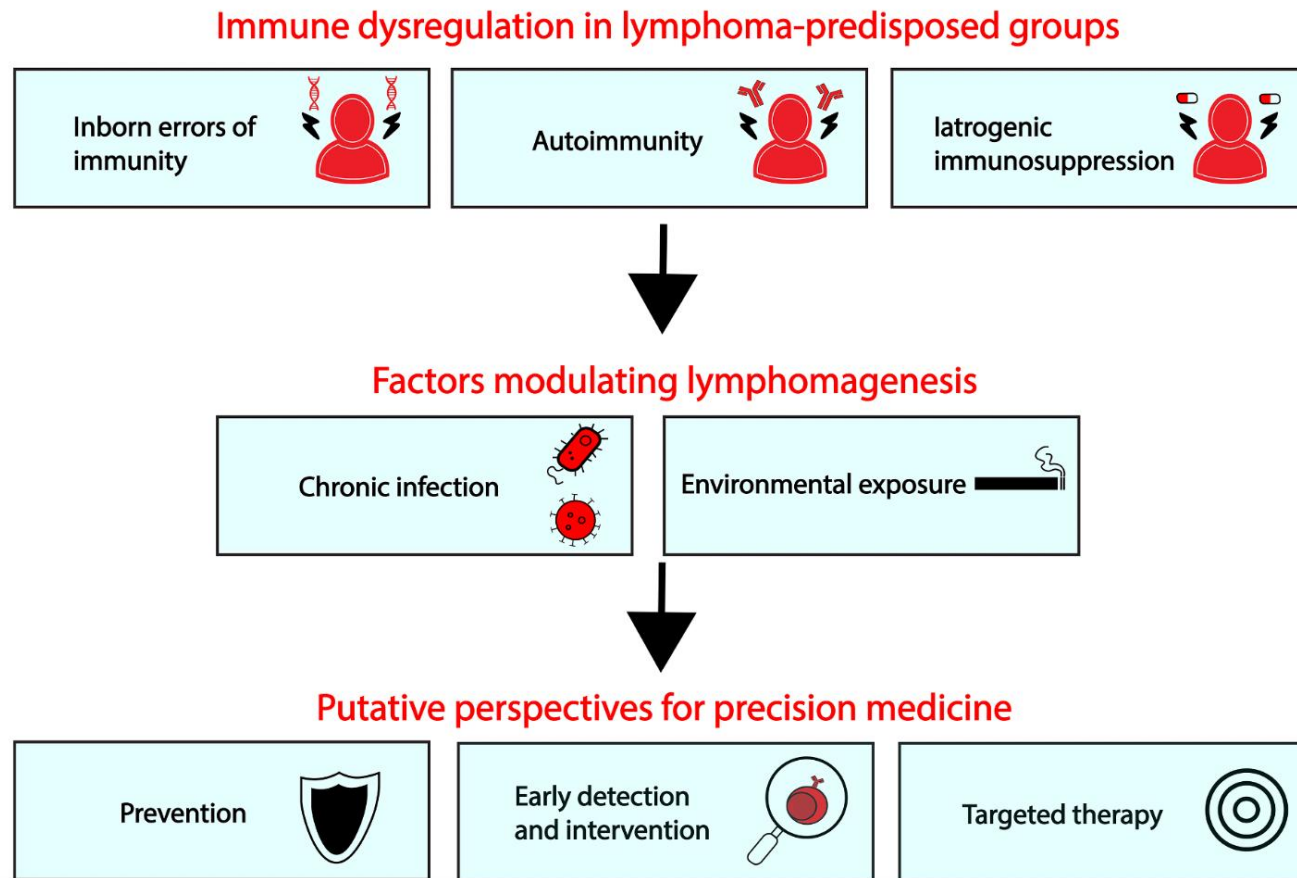

adults with
inborn errors of immunity

80

adults with rare
autoinflammatory diseases

Special clinical interest: Schnitzler syndrome

Immune dysregulation and lymphoma

Kolijn PM, Langerak AW. Immunol Lett. 2023;263:46–59.

Research priorities and collaboration

Clinical and translational research

Investigate cancer risk and immune ageing in systemic connective tissue diseases and inborn errors of immunity in adults.

Early detection

Explore cancer biomarkers in complex immune-mediated diseases.

Multicentre studies

Define shared research questions and outcomes, including the impact of targeted therapies on cancer risk.

Prospective partners

Clinical centres and laboratory teams with complementary expertise.

Potential HE Projects for Partnership

HORIZON-HLTH-2027-02-TOOL-01-two-stage

HORIZON-MISS-2027-02-CANCER-03
