

Corporate Presentation

2025

Who We Are

Sustainability Meets Design

We are an innovative company offering 100% recyclable and customizable water cans, providing a sustainable and high-quality alternative to plastic bottles.

 **Mission:** To reduce environmental impact with green and elegant solutions.

 **Customization:** Cans tailored for every brand, event, or client.

 **Recyclability:** Aluminum is the most recyclable material in the world.

PLASTIC POLLUTION

Plastic Pollution is a Global Issue

- Every minute, 1 million plastic bottles are purchased.
- Only 9% of plastic is actually recycled.
- Microplastics are contaminating oceans, food, and drinking water.

The Solution? Eliminate single-use plastic and choose sustainable materials.

Our Global Goals

THE GLOBAL GOALS

AND PRODUCTION

13 CLIMATE
ACTION

14 LIFE BELOW
WATER

15 LIFE
ON LAND

16 PEACE, JUSTICE
AND STRONG
INSTITUTIONS

17 PARTNERSHIPS
FOR THE GOALS

Our Social Commitment

Every Can, a Step Towards a Cleaner World:
Our products are not just a sustainable alternative
to plastic, but a true project with a positive
impact.

A portion of our revenues is donated to Italian
NGOs and associations committed to the
rehabilitation of natural and urban environments
affected by plastic and waste pollution.

We support concrete projects:

- Beach, river, and forest cleanups.
- Recovery and regeneration of urban spaces.
- Environmental awareness and education.

Why Choose Aluminum?

- 100% Recyclable Forever: Unlike plastic, aluminum retains its quality even after multiple recyclings.
- Refined and Exclusive: Perfect for companies, trade shows, events, and brands.
- Better Preservation: Protects from light and keeps water fresher for longer.
- Ethical Marketing: Your brand is associated with sustainability values.

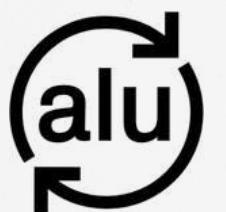

Quality and Sustainability Certifications

Our mission is to offer a 100% recyclable product with a low environmental impact, and we do this with the support of internationally recognized certifications.

- 💡 Alu-Free → Our aluminum is free from impurities and harmful treatments, ensuring safety and purity in every can.
- ♻️ Recycle Forever → The aluminum in our cans can be recycled infinitely without losing quality, reducing the need for new raw materials.

- 💡 Why is it important?
- ✓ Reduced environmental impact.
- ✓ Circular economy: less waste, more reuse.
- ✓ A concrete commitment to a plastic-free future.

Choosing Acqua Adv means choosing certified sustainability.

Target and Market

Events and Trade Shows #1

Reduce plastic use and choose recycled aluminum cans for a personalized, ethical, and sustainable option that also preserves water better inside.

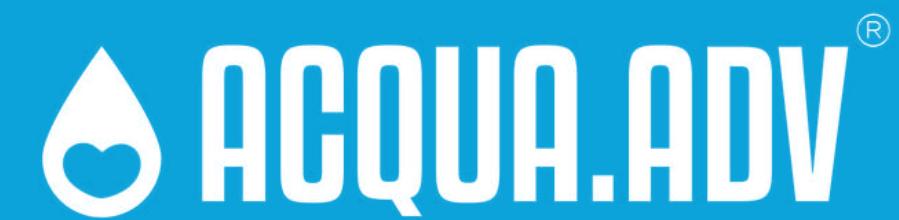

Acqua Adv is the ideal choice for those seeking elegance, sustainability, and customization.

Brands and Companies #2

A sustainable gadget that associates your business with environmental and social values, through an iconic item that will undoubtedly be kept by customers and consumers.

Sport # 3

Communicate the noblest values of sport through a sustainable gadget like the recycled aluminum water can, helping to reduce plastic and waste, which are still prevalent at events.

CASE HISTORY

TOP500

The event that celebrates the top 500 companies in the areas of Vicenza, Verona, Brescia, and Mantova, in collaboration with Gruppo Editoriale Athesis and PwC Italy. For Athesis, we unveiled the group's new rebranding, reaching nearly 2,000 participants.

Atp Challenger

In 2024, Acqua Adv was the official partner of the ATP Challenger in Verona, providing our water cans to athletes, staff, and the public. This internationally significant event aligned with our values of sustainability and innovation, reducing plastic use and promoting an ecological and design-driven alternative. Our presence strengthened the connection between sport and environmental respect, solidifying Acqua Adv as the ideal choice for high-level sporting events.

Dakar 2025

Acqua Adv was the official partner of the Dakar 2025, supporting Honda, Pro Honda, and RS Moto Team in the most extreme motorsport challenge. Our 100% recyclable water cans accompanied riders and teams throughout the course, ensuring sustainable hydration in extreme conditions. A perfect blend of performance, endurance, and ecology, which strengthened our commitment to the world of sports and adventure, promoting innovative solutions to reduce environmental impact even in the most extreme events.

YouSport

The Milan-based association that combines social inclusivity with a passion for sport. Operating with more than 10 football teams divided by different social needs in the community, we began collaborating in September 2024. In January 2025, we made our debut with the Swing & Sport dinner featuring the first customizations, and we will continue in April 2025 with the Milano Relay Marathon.

Concerts

Acqua Adv accompanied Isabella Turso's eco-sustainable tour, supporting a new way of experiencing music while respecting the environment. At each stop, our water cans provided a sustainable alternative to plastic, reducing the environmental impact of live events. A project that combines art, ecological awareness, and innovation, proving that sustainability can take center stage in the entertainment industry as well.

Small Businesses

Acqua Adv supports small businesses and emerging brands by offering customized and sustainable solutions to strengthen their identity. We collaborate with companies like PetitBlanche, KeyStudio, and Rossetto Ristori, providing recyclable water cans with exclusive designs that enhance their storytelling. An innovative way to combine branding and eco-sustainability, helping businesses stand out and communicate their commitment to a greener future.

Why Choose Acqua Adv?

Value Proposition

Premium Branding → Your logo on an exclusive and sustainable can.

Eco-friendly → A concrete alternative to single-use plastic.

Tailored Logistics → Fast delivery and personalized management.

Effective Storytelling → Tell your commitment to the environment with an innovative product.

Can Format

Not only do you offer a quality product, but you also make a tangible statement of your commitment to sustainability. With our custom cans, you can provide pure and fresh water in fully recyclable containers, reducing plastic usage and actively contributing to environmental protection.

By choosing our personalized cans, you send a clear message: your company is at the forefront of ecology and sustainability, challenging traditional norms and embracing a greener future.

Bottle Format

We offer the possibility to produce custom aluminum bottles, perfect for those who want to combine practicality with environmental commitment. Our solution is designed for businesses and organizations looking to make a large-scale sustainable choice.

Made to Order:

We manufacture custom aluminum bottles for orders over 100,000 units. Each bottle is designed to be reusable and recyclable, significantly reducing the use of single-use plastic and contributing to environmental protection.

Distribution Markets

Thanks to our established distribution network, we provide cans and water bottles across various sectors throughout Europe.

Efficient and Customized Logistics

- Fast shipping across Europe
- Flexible production and customization
- Dedicated support for large orders and ongoing supplies

Choose Acqua Adv for distribution without boundaries!
