

## Main Products & Competences

### Products

#### Passive Thermal Systems

- Thermal Straps
- Thermal Washers
- Multi Layer Insulation (MLI)
- OSR Bonding onto Radiators

#### Antenna Reflectors & Subassemblies

- 3D printed mesh antennas
- Solid mesh reflector antennas
- Titanium solid antennas

#### Secondary Metallic Structures & GSE

- Lightweight Secondary structures
- Mechanical Ground Support Equipment

#### Clean Space

- Passive De-Orbiting Small & Medium Dragsails

#### Purging Equipment

- Purging Equipment for spacecrafts

### Services

#### Engineering

- Project Management & System Engineering
- QA & PA
- CAD design (MGSE & metallic antenna related products)
- FEM analysis (Structural & thermal for metallic parts)

#### Cleanliness related

- Cleanroom ISO8
- Ultrasonic cleaning
- Bakeout
- Equipment integration on customer documentation
