# SECTORS

Main Sectors We Are In

## AUTOMOTIVE

## MACHINERY

## ENERGY and THERMAL POWER PLANT

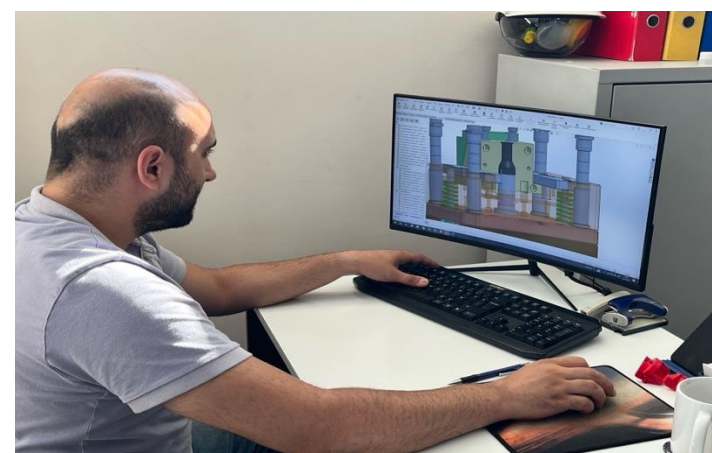

## INDUSTRIAL KITCHEN

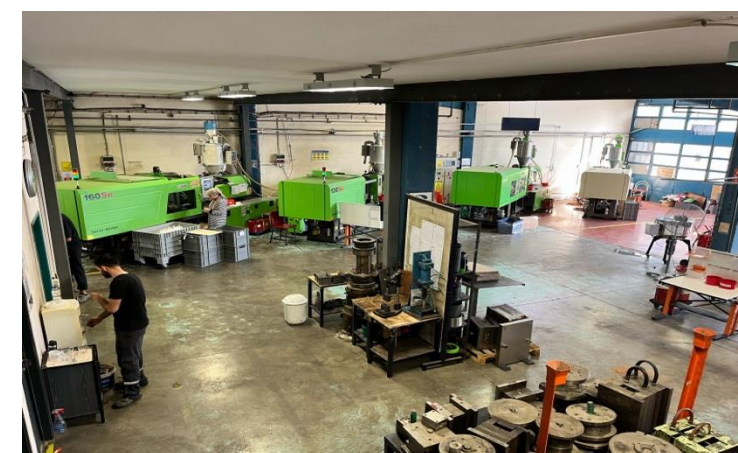

# OUR CORE COMPETENCIES

**We produce  
believing  
that we can always  
make better.**

**MOULD DESIGN  
AND PRODUCTION**

**PLASTIC INJECTION**

**ASSEMBLY**

**ROLL FORMING**

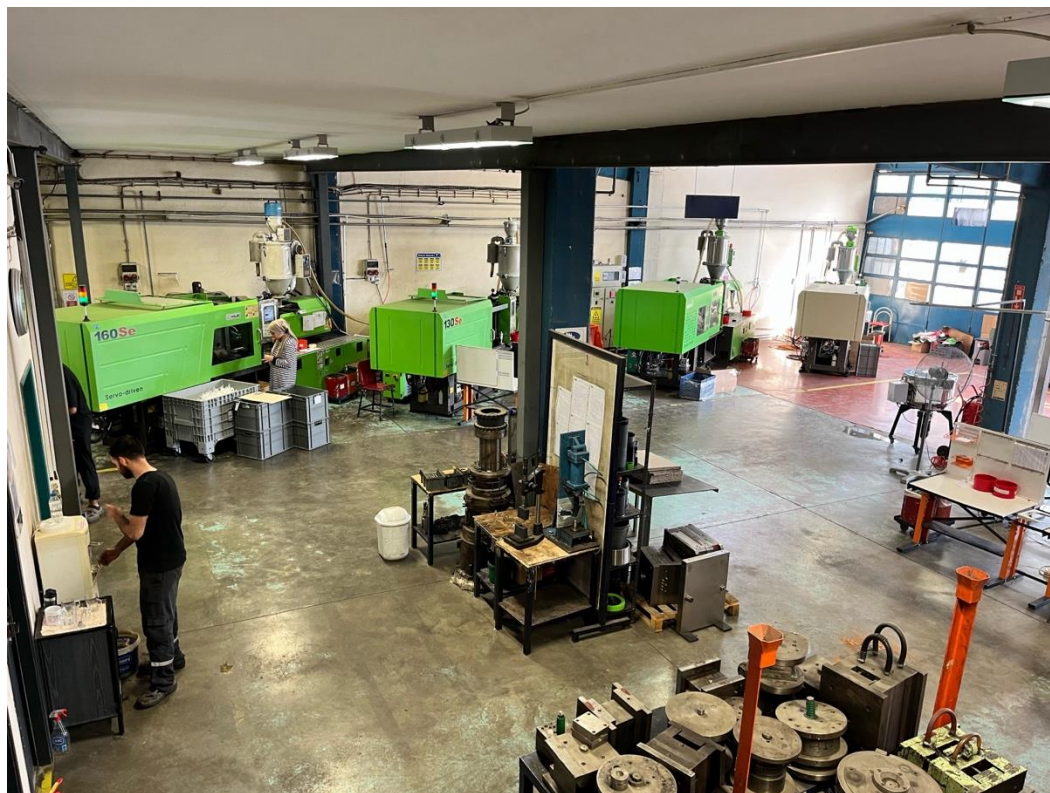

**STAMPING**

**METAL FORMING**

# OUR ABILITIES

We constantly measure and improve the quality of our products believing that we can always do better.

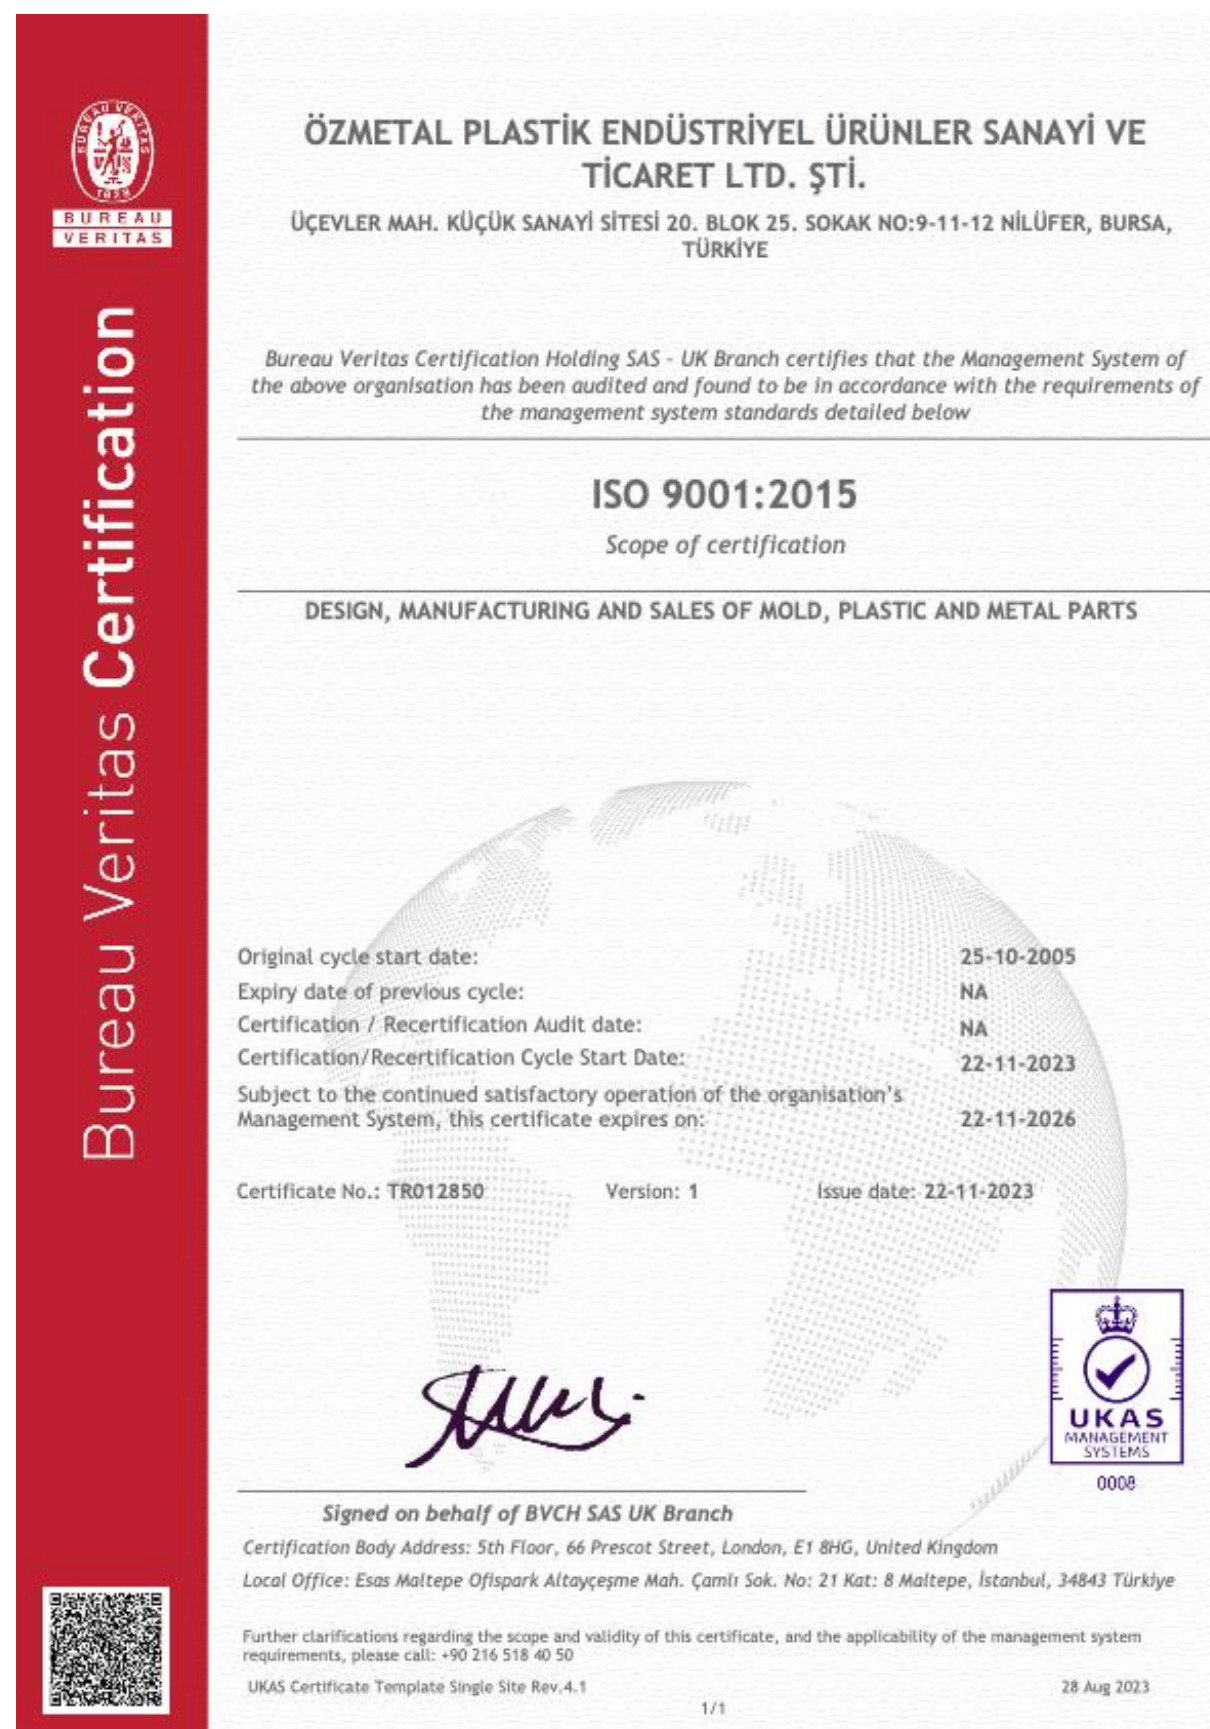

- With our **49 years of experience**, we can design and manufacture plastic parts, metal parts and products that include both,
- **Agility**, we can easily and quickly adapt to changes,
- We can meet the requirements of our customers in a **very short time**,
- We can **design and manufacture bespoke products** according to our customer's needs,
- We **produce moulds for small batches** in a short time,
- **1500 square meters** production area,
- In our **women owned** company half of our employees are women,

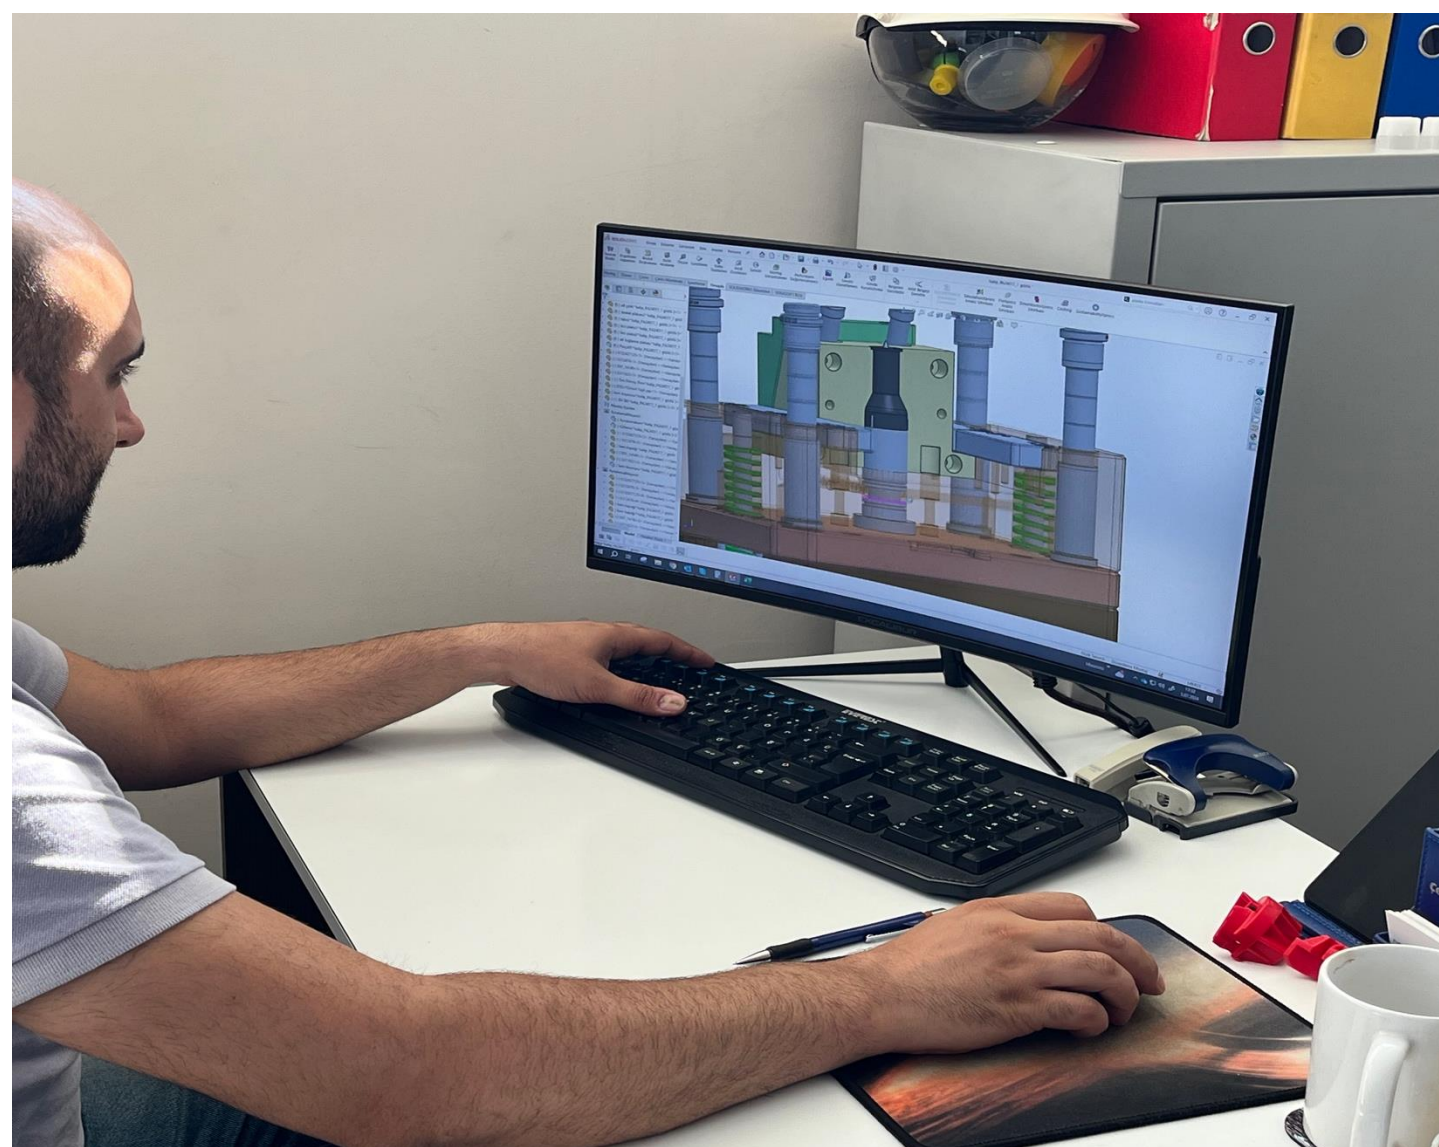

# QUALITY

We produce  
believing that  
we can always  
make better.

# TOOLING SHOP

Solidworks 2025

# EXPORT

**We export to eight countries.**

- Germany
- Italy
- Spain
- Israil
- America
- UK
- Romania
- Mexico

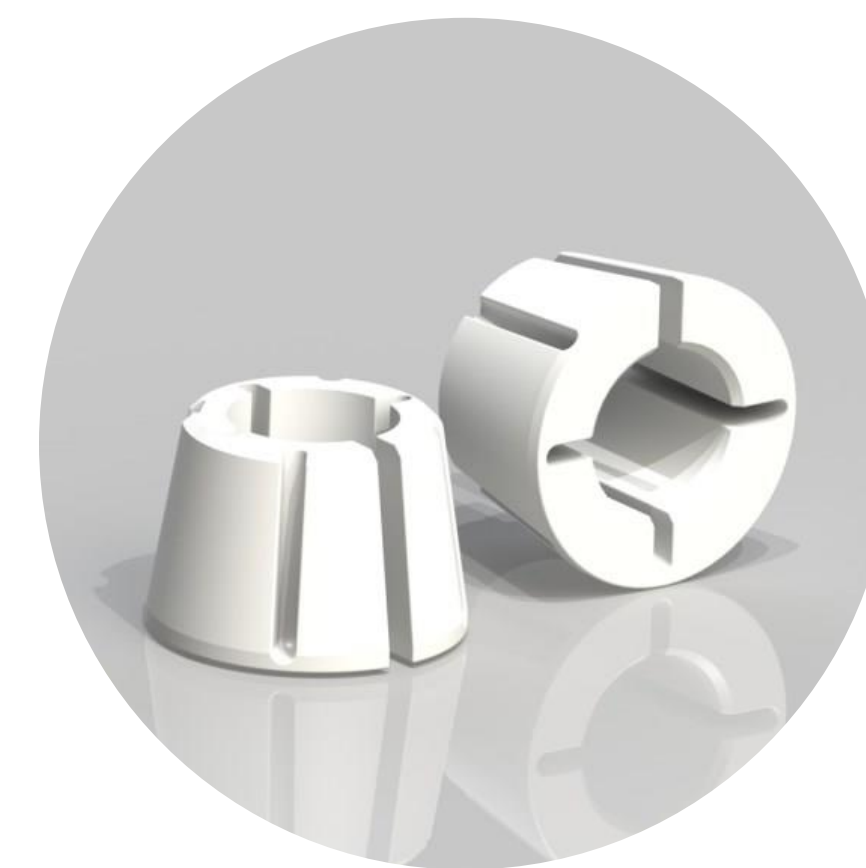

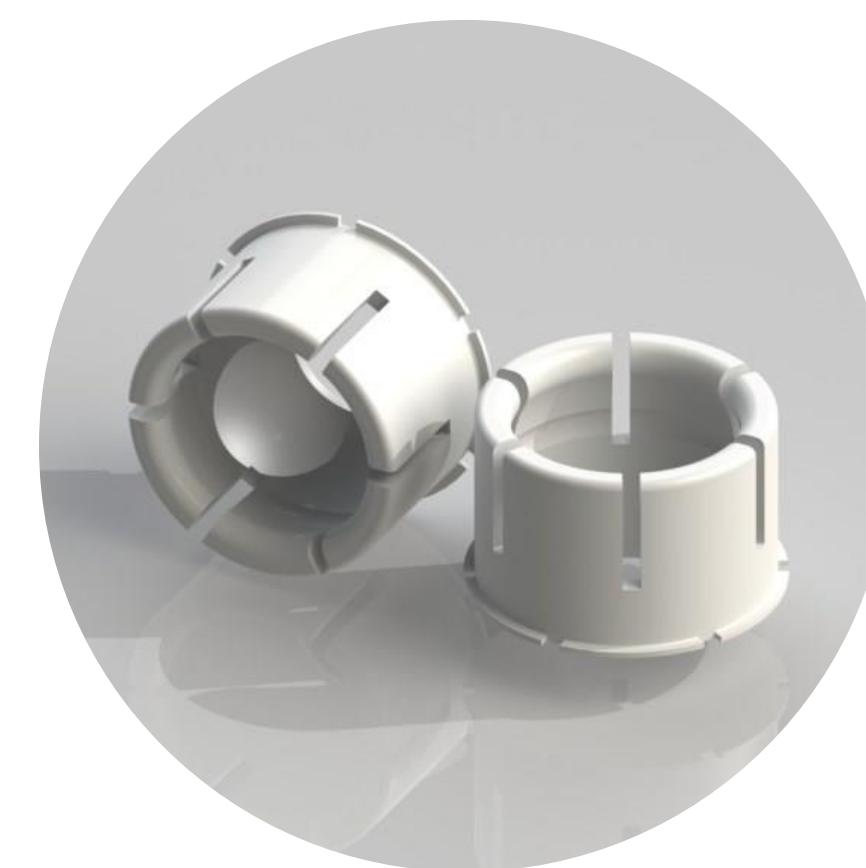

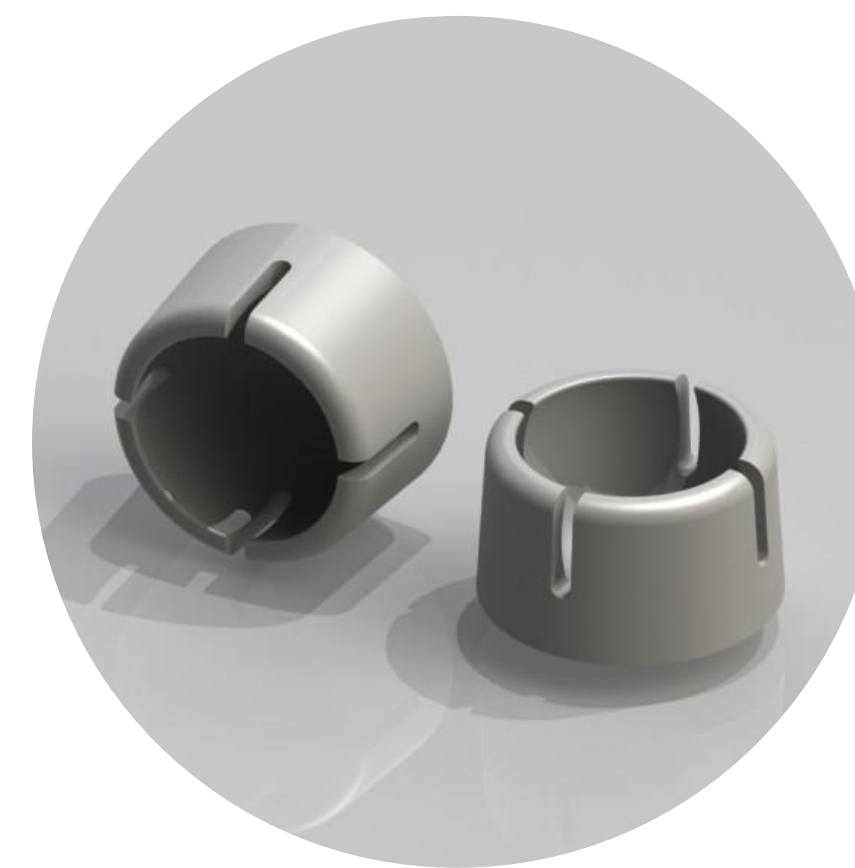

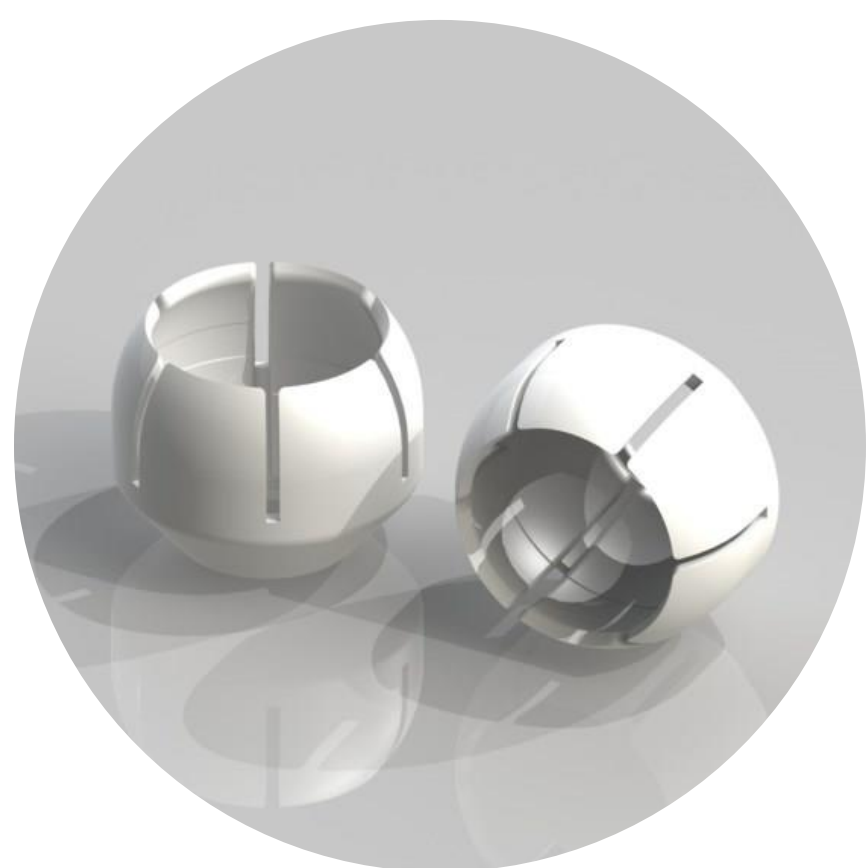

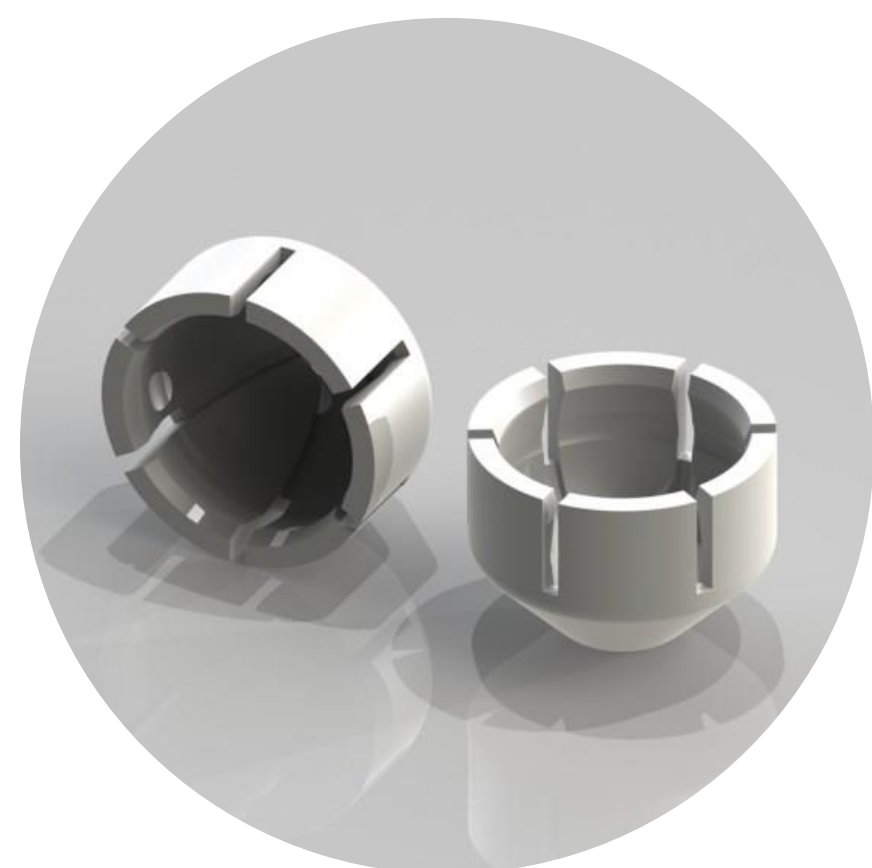

A blue-tinted photograph of a car body on an assembly line. The car is positioned in the center, with its roof and side panels visible. The background shows the complex machinery and structure of the factory. The word "AUTOMOTIVE" is overlaid in white, bold, sans-serif capital letters in the center of the image.
