GEOGRAPHY AND PROFILE

WHO WE ARE

Based in Cingia de Botti (Cremona); Lombardy Region - Italy

The Foundation, in the context of territorial planning, plays a key role within the network of personal services. It is a structure open to the territorial community, designed to provide qualified and proactive solutions in the field of geriatrics and disability.

Our excellence: «Dementia supply chain»

- Providing support to people with Alzheimer and Dementia.
- Research and actions on Age-Friendly environments, innovative technologies and daily activities of people.

Fondazione Elisabetta Germani is a multi-service structure that provides a wide range of services for the elderly and people with disability, of residential, semi-residential and home-care nature.

MULTI-SERVICE STRUCTURE

RESIDENTIAL SERVICES

➤ ALZHEIMER CENTER

In the Residential care home, there is the "Mother Fiordalisa" Alzheimer's centre with **34 beds** dedicated to the care and assistance of **people with neurocognitive and psycho-behavioural disorders, able to move in total or partial autonomy.**

➤ INTERMEDIATE CARE

20 beds dedicated to geriatric patients who do not have acute pathologies.

The main objective is the **recovery of compromised functional skills**, aimed at **returning home and reintegrate into the social/working environment in the best possible conditions of autonomy** (after a rehabilitation cycle).

➤ PRIVATE CARE

16 beds are dedicated to the **temporary reception under the private regime** (at the total expense of the patient) of people who need a period of recovery and clinical stabilization, or respite assistance (in the absence of the family network).

➤ NURSING HOME

256 beds. Residential social and health facility for **non-self-sufficient elderly people**, who need **full-time medical, nursing and rehabilitation assistance.**

RESIDENTIAL SERVICES

➤ DISABILITY CARE

40 beds. The Nursing Home for people with disability welcomes adults < 65 years old, who have conditions of physical, mental and/or sensory disability of any etiology and who are not adequately assisted at home.

SEMI-RESIDENTIAL SERVICES

➤ DAY-CARE CENTER «SerenaMENTE»

40 seats. A day time reception service for people + 65 years of age, with cognitive frailties and/or psychological-behavioral ones.

HOME SERVICES

➤ 6700 home interventions per year.
People of all ages come to us if they need physiotherapy and rehabilitation, nursing care, specialist medical assistance with home support.

We manage a chain of services for the global care of the needs of the frail person and his or her family
