*"Ànima means soul, spirit. This is the essence
we infuse into every product we design"*

Diego Quiroga, CEO & Founder

ANIMA Medical is a specialized division of **ANIMA Design**, a multi-sector product design agency with over 20 years of global experience. Our award-winning designs enhance product performance and boost sales.

Our services focus on client success, driving improvements and cost reductions with ISO/FDA/MDR-certified guarantees.

We also operate a prototyping workshop under our **Protobox** brand, and being part of the BCN Medicare Industrial Hub strengthens us further through the support of its partner companies.

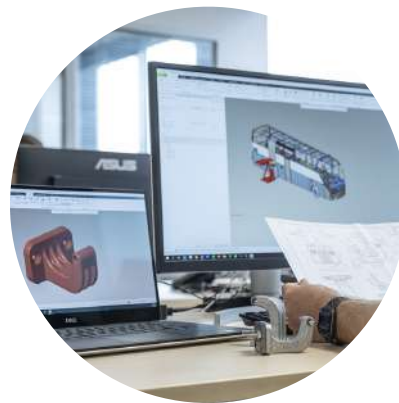

BCNMEDICARE

INDUSTRIAL HUB

BCN Medicare drives innovation in the medical sector through collaboration. The hub brings together specialized national companies that, by joining forces, enable us to tackle complex projects with a single point of contact, streamlining processes and improving efficiency. Additionally, all companies hold quality certifications, including ISO 13485 for medical devices, ensuring the highest industry standards.

We prototype your project

A woman with dark hair tied back is sitting at a desk in an office, looking down at a tablet or laptop. She is wearing a dark top and a necklace. In the background, another person is partially visible, also working. The image is dimly lit, with a dark overlay.

Work

First a short disclaimer

At **ANIMA Medical** we have developed many advanced projects from the design of desktop and portable machinery, devices for blood analysis, several related to fertility and obstetrics monitoring.

However, due to confidentiality agreements, we cannot showcase these projects.

Next, we present works that are no longer subject to these restrictions. Thank you for your understanding.
