

Metales Makine Precision Engineering & Industrial Solutions

Eskişehir, Turkey | +[90 222 230 68 57](tel:+902222306857) | www.metales.com.tr

About Our Company

6,650 m² Facility

1,650 m² of covered production area, 5,000 m² of open space

Expert Team

More than 25 engineers and technicians

Certifications

ISO 9001, ISO 45001, ISO

Leading Customers

Ford Otosan, Eti Gıda, TEI, Şişecam

Our Core Services

Precision Manufacturing

- *CNC Swiss Turning*
($\pm 0.05\text{mm}$)
- *3-Axis Milling*

Steel Manufacturing

- Max. 5 mm thickness
Laser Cutting Stainless
Steel
- Max. 15 mm Laser
Cutting Steel

Cooling & HVAC

- HVAC System
- AIR Filter System

Turnkey Projects

- Factory Relocation
- Green Area Construction

Technology and Capacity

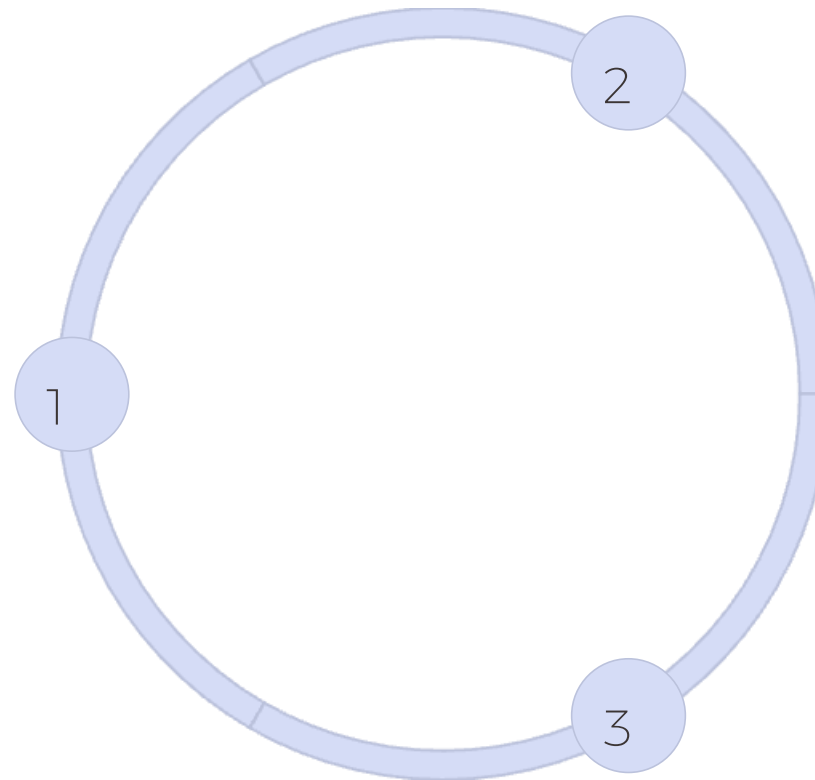

Equipment	Features	Advantage
3kW Fiber Laser	1500x3000 mm table, ± 0.1 mm precision	20% faster cutting
CNC milling centers	1400x800x600 mm & 1200x500x500 mm	Complex bends in a single step
TIG Welding	Argon-shielded, aviation quality	Zero-porosity welding

Why Should You Choose Us?

- 1500+ projects on-time delivery

Speed

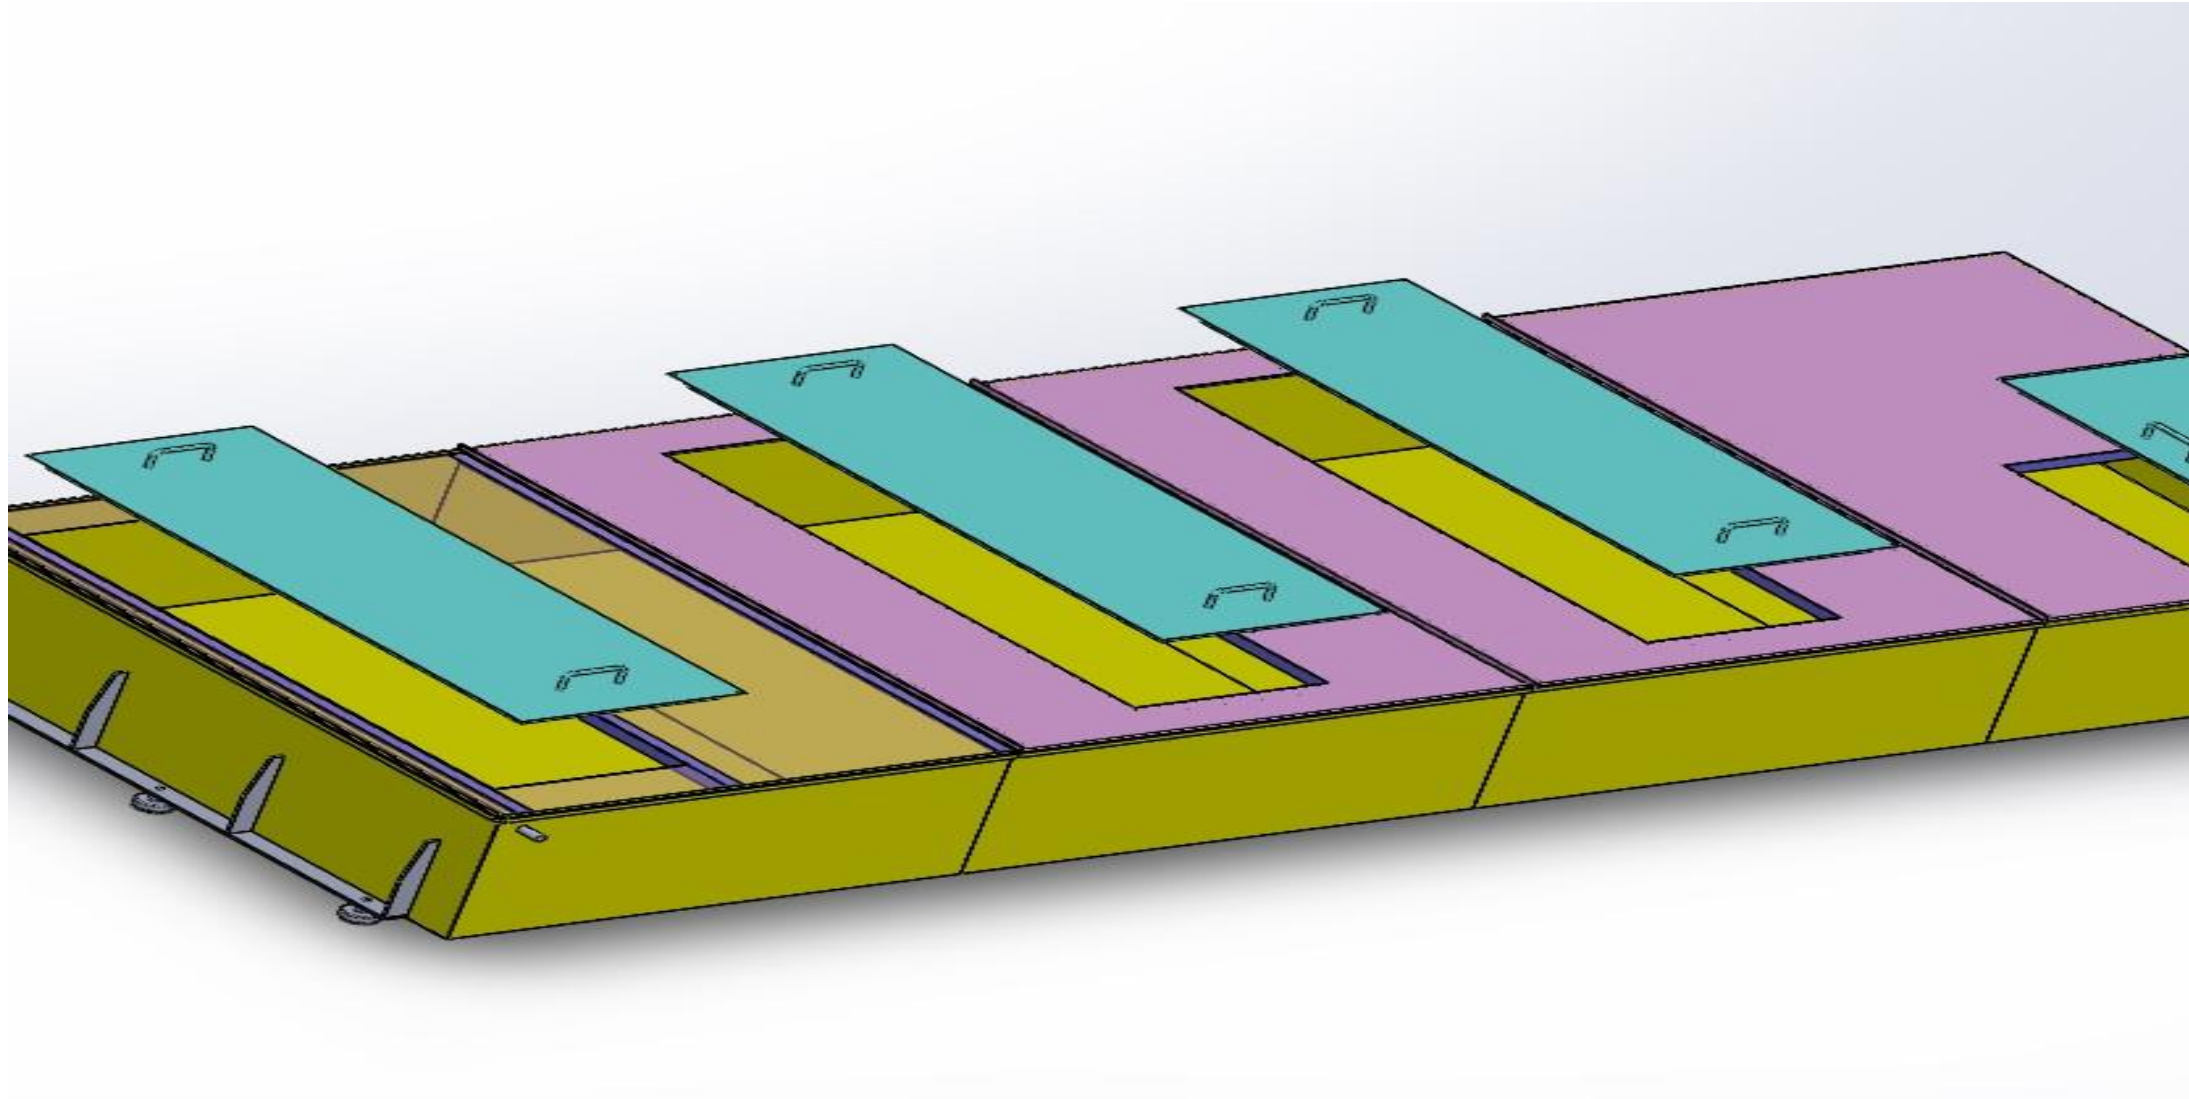

Precision

- ISO 2768-mK standards

Cost Control

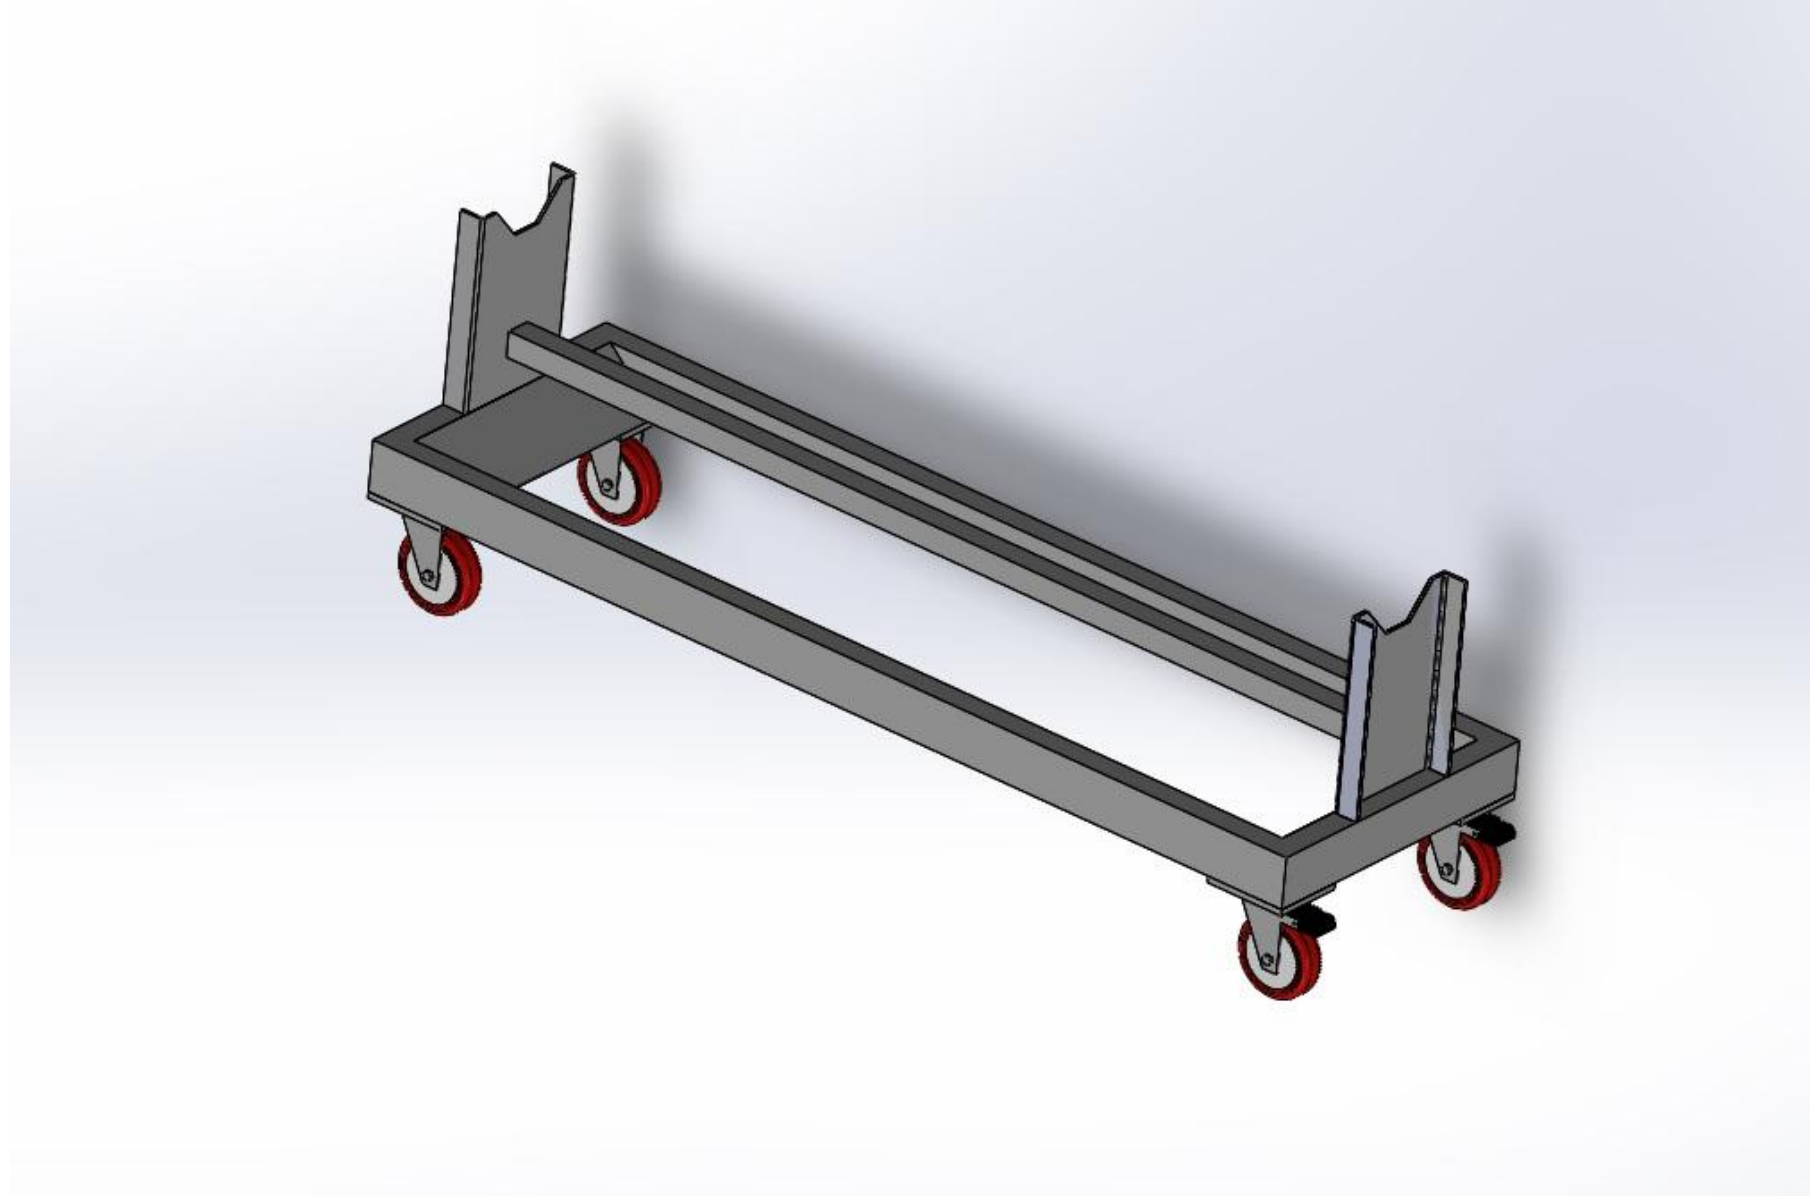

- 40% savings compared to European suppliers
- ERP-supported efficiency
