Project Management

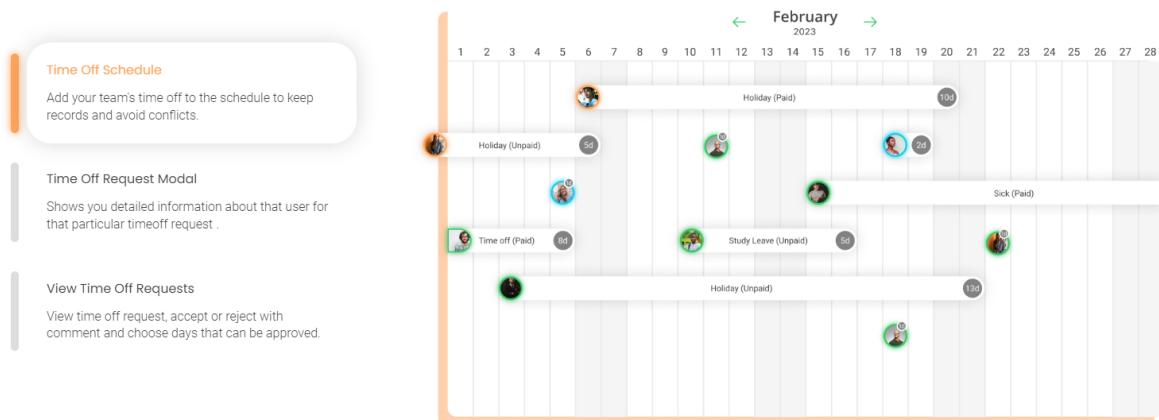

Complete a project successfully by easily planning, organizing, and managing tasks and resources.

The screenshot displays the Timeyapp Project Management platform. On the left, a sidebar shows 'TASK STATUS' with 'To Do' (checked), 'In Progress' (checked), and 'Completed' (checked). Below that is a list of 'ASSIGNED USERS' with 12 entries, each with a small profile icon and name: Aida Rogers, Eldon Silva, Helen Morgan, Inez Gorden, Keith Hopkins, Kilo Pav, Michael Barnett, Myron Chasnes, and Terri Coleman. The main area is a calendar for December 2022, showing tasks assigned to users. For example, on December 4th, 'Creating schedules' is assigned to Aida Rogers. On December 8th, 'Managing equipments' is assigned to Eldon Silva. On December 22nd, 'Install and Repairs' is assigned to Michael Barnett. On the right, a mobile phone screen shows the 'Merdeka Project' interface with a list of tasks: 'Brace the Walls' (status: In Progress), 'Creating schedules' (status: In Progress), 'Harvesting' (status: In Progress), and 'Install and Repairs' (status: In Progress). The 'Managing equipments' task is marked as 'Completed'.

Resource Management

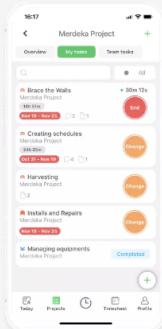

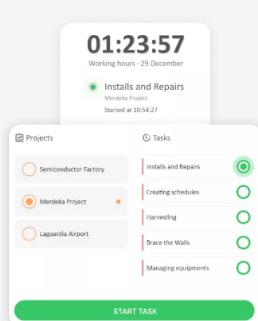

The screenshot shows the Timeyapp Resource Management feature. On the left, there are three sections: 'Time Off Schedule' (with a note to add team members' time off to the schedule), 'Time Off Request Modal' (describing the detailed information shown for a specific request), and 'View Time Off Requests' (describing the ability to view, accept, or reject requests). The main area is a calendar for February 2023. It shows several time off requests as colored blocks with user icons. For example, on February 6th, there is a 'Holiday (Paid)' request. On February 11th, there is a 'Holiday (Unpaid)' request. On February 18th, there is a 'Sick (Paid)' request. Other requests include 'Time off (Paid)', 'Study Leave (Unpaid)', and 'Holiday (Unpaid)'.
