

MAXICARGO

LOGISTICS

FULL OF ENERGY

Complete logistic service for energy storage

Maxi Cargo Logistics

Who we are

MAXI CARGO IS A LOGISTICS COMPANY SPECIALIZING IN OVERSIZED ROAD TRANSPORT

Maxi Cargo is a professional provider of logistics services with 100% Polish and private capital. For almost 2 decades, we have specialized in oversized road transport of a wide range of equipment, military logistics, transport of hazardous materials (including ADR class 1), cargo manipulation (MHE), and logistic support infrastructure developments. We provide services throughout Europe with a strong footprint in its Central and Eastern regions.

As the energy sector undergoes significant transformation and development in Europe, Maxi Cargo is committed to assisting global investors in their endeavors within the region. We have earned the trust of several prominent manufacturers of technological solutions for the energy sector, including energy storage systems, wind farm components, and electroenergetic stations.

We take pride in our support for military operations of Polish and allied Armed Forces in Europe, particularly in times of geopolitical uncertainty. Our services have been utilized for many years by CBU manufacturers across Europe, such as Daimler (Mercedes), VOLVO (buses and construction equipment), and many others.

Maxi Cargo Logistics

How can we help

Oversize transport

- Own fleet of 52 vehicles + network of proven partners
- Various technical parameters
- Services throughout Europe

01

Material Handling Equipment (MHE)
