PURE HONEY FROM SPAIN

TESELA

GOOD FOR YOU, GOOD FOR THE PLANET

Tesela was founded in Extremadura with the commitment to offer a product as vital as pure honey to consumers worldwide, while simultaneously generating environmental and social wealth. Commitment is the word that best defines us.

For the consumer. We have a network of beekeepers that allows us to offer consumers pure, raw honey, direct from the hive and never mixed. Each batch of honey is analyzed to determine its pollen profile.

With respect for the environment. We provide spaces for our beekeepers to establish their apiaries. Our philosophy is that any place with flowers or trees is suitable for apiary until proven otherwise. “We create ecosystems where none existed before.”

Places as varied as photovoltaic solar parks, wind farms, sports cities, football stadiums or avocado farms are studied to determine the viability of beekeeping.

With the community. We travel to villages looking for beekeepers who want to join our project, and we also mentor beekeepers from the Biodiversity Foundation.

TESELA

MEANS VARIETY

Our network of beekeepers allows us to offer a wide variety of honeys year-round. Our honeys have won awards for their quality in major international competitions.

Wildflower, broom, orange blossom, lavender, chestnut, rosemary, woodland, holm oak... but also varieties like lemon and avocado, are part of our selection. We are constantly searching for new varieties to meet evolving needs.

Our jar with its cap, registered as an industrial design in Europe, aims to convey the quality of our honeys while preventing breakage. It is inlaid with hexagonal tiles, like those of a honeycomb, which are our hallmark.

TESELA

IN THE WORLD

At Tesela Natura, our premium raw honeys transcend borders, bringing the pure and authentic taste of Spain to diverse parts of the world. Our commitment to quality, sustainability, and traceability has allowed us to position ourselves in gourmet and premium markets across multiple continents.

From Europe to America, and from Asia to the Persian Gulf, our honeys are renowned for their purity and exclusivity. Each jar of Tesela represents not only a product of excellence, but also a bridge between Spanish beekeeping traditions and the tables of discerning consumers worldwide.

Thanks to our international distribution network, Tesela Natura is proud to be an ambassador for sustainable beekeeping and high-quality gastronomy. Discover our honeys in your region and be part of this unique global experience.

TESELA

AS A GIFT

Our fully customizable cases make an ideal gift for events.

PREMIUM GIFT BOX

Our premium case is made from recycled cardboard and consists of three jars of pure raw honey and an olive wood stick.

It has received 11 nominations in international design magazines and competitions, such as Deadline, Packaging of the World, Pentawards...

WILDFLOWERS, FOREST AND ORANGE BLOSSOM

LOGISTICS

- Net weight: 960g

COSMETICS

Our latest project involves developing a cosmetics line based on our pure honeys, since honey acts as a skin cleanser, eliminates bacteria, balances oil secretion, is antiseptic, healing and soothing.

DAY CREAM

The combination of orange blossom honey, beeswax, shea butter, elastin, collagen, and oils achieves a tightening and firming effect, brightens and nourishes the skin, and helps prevent wrinkles. Suitable for all skin types.

LOGISTICS

- Net weight: 30g
- EAN code: 8437023862483

NIGHT CREAM

The combination of lavender honey, argan oil, and olive oil cleanses, nourishes, and soothes the skin and relaxes the muscles, while the action of coenzyme Q10 delays the appearance of wrinkles and prevents collagen dysfunction. Suitable for normal and combination skin.

LOGISTICS

- Net weight: 30g
- EAN code: 8437023862490

SOLID SHAMPOO

The rosemary honey shampoo with lime and ginger is ideal for balancing and strengthening the scalp, thanks to the effect of vegetable glycerin, pure honey, organic Aloe Vera gel, keratin, organic vegetable oils of Argan and Jojoba and vitamins E, F and B5.

LOGISTICS

- Net weight: 80g
- EAN code: 8437023862506

Why Tesela?

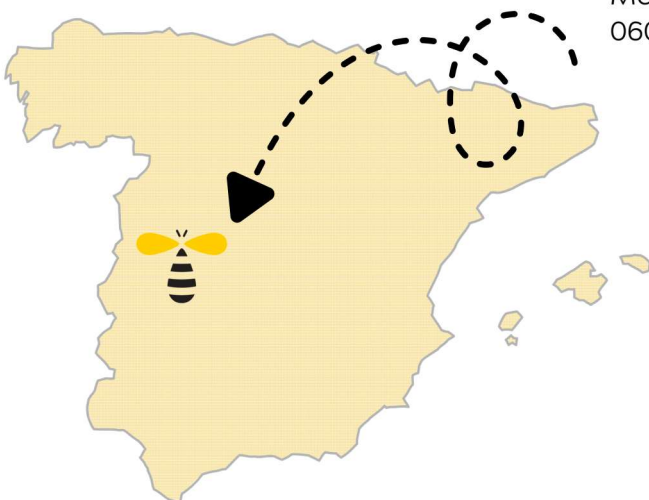

A tessera is each of the pieces that make up a mosaic. But also, in geometry, a hexagonal tessellation is a regular tessellation of the Euclidean plane made up exclusively of hexagons. It has a Schläfli symbol of $t\{3,6\}$.

And what is a beehive? A collection of honeycombs, made up of hexagonal wax cells that share common walls. Inside the beehive, the bees work with precision and perfect organization to make honey.
