SCZONE · EGYPT

Securing European Medical Supply Resilience — Direct From Root to Infrastructure.

THE STRATEGIC FAR EAST ALTERNATIVE

17 NOVEMBER 2026

Hall 06 · Stand 6G47 · MEDICA Düsseldorf

BY INVITATION ONLY

01 THE PLATFORM

VITAL GLOVE FACTORY officially hosts this executive briefing to open structured, multi-year supply frameworks ahead of full-scale production. This milestone event marks the formal launch of dedicated manufacturing allocations on our upcoming continental-scale platform.

100 Double Former lines

SOVEREIGN INFRASTRUCTURE

Scaling up to 100 advanced Double Former production lines within the strategic Suez Canal Economic Zone (SCZone), Egypt — a continental-scale medical manufacturing ecosystem.

75,000+ hectares

SECURED RAW MATERIALS

Upstream natural rubber supply secured at source across West Africa under 99-year usufruct rights within the AfCFTA framework — securing long-term cost stability.

7–10 days

NEAR-SHORE LOGISTICS

Bypassing traditional Far East maritime bottlenecks to deliver factory-direct medical gloves to European ports — near-shore supply-chain resilience.

Zero-carbon target

SUSTAINABLE MANUFACTURING

Infrastructure powered by integrated solar energy, aggressively targeting a zero-carbon manufacturing footprint.

The next chapter of an operating, ISO 13485 & ISO 9001 certified Egyptian glove manufacturer — producing and exporting since 2022.

02 THE OFFER

LONG-TERM OFFTAKE AGREEMENTS

Structured, multi-year supply frameworks for institutional healthcare buyers, tier-1 medical distributors and Group Purchasing Organisations seeking secured, near-shore glove supply — volumes, specifications and delivery programmes defined per partner.

PRODUCTION LINES CAPACITY RESERVATION

Early partners can reserve **dedicated, fully-allocated production lines** — built to their specifications, with **priority capacity allocation, locked long-term commercial terms** and **total OEM / private-label flexibility**.

Both frameworks are open ahead of first production — early reservation secures priority access as capacity comes online.

03 RESERVE YOUR BRIEFING

1

Request your slot

Write to **farrag@vitalglove.com** with your organisation, role and areas of interest.

2

Receive confirmation

Your one-to-one session time is confirmed together with the briefing pack.

3

Meet us — 17 November

Executive briefing at **Hall 06, Stand 6G47**, MEDICA Düsseldorf.
