live flavor with muni:

The most fun and delicious family
of the snack world with its
sugar-free, additive-free,
gluten-free, vegan options!

We are a passionate team of snack lovers looking for the perfect combination of flavour and nutrition. We set out with the dream of offering an energetic and healthy snack experience that people can enjoy in their daily lives. And thus, our peanut-fuelled brand muni was born.

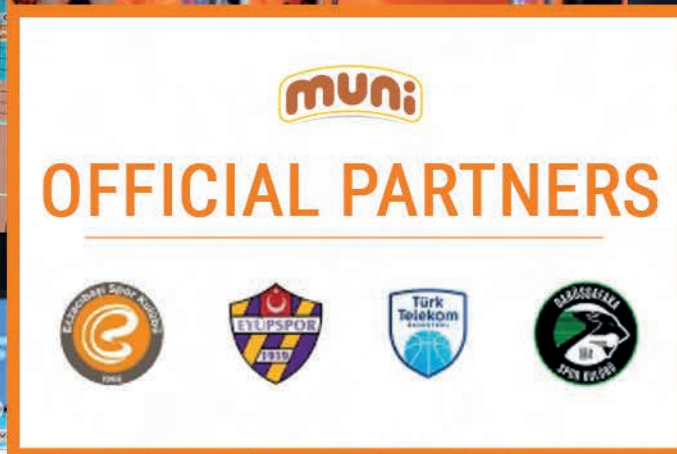

muni is derived from munis, which means friend and comrade. It was inspired by the power of the magnificent flavours that emerge when peanuts are combined with other flavours. Peanut is a valuable treasure offered to us by nature. While the rich nutritional values in its essence energise people, at the same time, the flavour it creates with its unique combination with different flavours is multiplied.
