

Who we are

The Slovenian Lymphoma and Leukemia Patient Association (L&L) supports blood cancer patients and families through information, psychosocial support, rehabilitation, advocacy and partnerships.

What we are working on

We improve quality of life through information, peer support, rehabilitation, patient-centred services and advocacy for better access to cancer care.

What's the one thing we need next

We need stronger partnerships to ensure patients' voices shape healthcare, research and policy, and to scale solutions that better reflect their needs.

**5 years Mission Cancer:
Stronger Through Connection**
