

VELOWAY®

THE e-BIKES

THE FUTURE OF CYCLING IS VELOWAY'S EUROPE

**VELOWAY'S** provides you with e-bikes that are fully serviced, during your travel time. Besides the exchange and repair service on the spot, VELOWAY'S also offers the possibility to bring the bikes to your hotel. You simply pay by credit card or online. The bikes will be picked up after your trip. You can book them at [www.UrbanFolxTravel.com](http://www.UrbanFolxTravel.com)

Currently we offer this service in the Netherlands, Germany and from 2024 in Croatia, Greece, North Macedonia.

No purchase cost  
No one-time connection fee  
Contract duration 1 year  
Unlimited mileage per year  
Including third party insurance  
Fixed price per week, including  
Maintenance and repairs  
Replacement of tires and brakes  
Rotation system with 24 hour  
Exchange service

Our partner from the Netherlands has been successful in the B2B sector in the Netherlands for years and has a lot of experience.

In addition, the e-scooters and e-bikes are specially built for rental use.

Due to the experience, the vehicles are robust and easy to handle, so that a wide group can operate the e-bikes, for example.

There is no gear shift but a small automatic. Whether young or old it rides, like a Dutch bike... very comfortable.

This backing gives **VELOWAYS** the security to fall back on know-how and become successful.
