

The most *colourful*
glassware brand
in the universe.

KLIMCHI

KLIMCHI STORY

Our *heart and soul* is dedicated to handcrafting beautiful glassware.

You may have spotted us on screen. The Rosaline Hobnail Jug in Barbie, glowing in pink. The green one quietly adorning Bridget Jones's kitchen. Off screen, KLIMCHI tells a deeper story. One of heritage, design and craft.

Rooted in a family glassworks in the heart of Crystal Valley, we have grown into a globally recognized name in designer tableware. Our pieces are featured in top magazines, chosen for royal weddings and trusted by brands like Google, Sisley Paris and Minotti.

Opening our own boutique inside five-star W Prague was a natural step. A place where Bohemian glass returns to its rightful place - the spotlight.

We don't chase
sterile perfection,
handcraft is the truth.

In every bump, wave, and irregularity
— you'll find evidence of a human hand.

Street-born,
sharp-tongued.
We didn't grow up
in *salons*, but among
shards. Now we're
picking them up
— not as remnants,
but as a *statement.*

Lukáš Klimčák, Founder CEO

A Czech entrepreneur and visionary founded KLIMCHI in 2019 to reimagine Bohemian glass for modern living.

Deeply rooted in his family's historic glassworks in Kamenický Šenov, he set out to preserve its artisanal legacy while building a design brand with global reach and relevance.

Named to the Forbes 30 Under 30 list, he brings courage, determination, and a clear sense of purpose — qualities that have propelled KLIMCHI from a small-town studio to a beloved brand gracing tables and interiors worldwide.

Maximilian Eicke, Design Director

An internationally recognized designer based in the United States, he brings more than 17 years of experience across furniture, lighting, interiors, and tableware.

His design approach is rooted in craftsmanship, material, and sculptural form — values closely aligned with KLIMCHI's approach to contemporary Bohemian glass.

As Design Director, he brings a global perspective and bold design sensibility to KLIMCHI, helping shape the brand's future design direction and next chapter.
