Welcome Message ☒ Notification ☒

One Unified Interface

Control and manage access across multiple locations through a single interface remotely.

Optimized Management

Manage simultaneous entries/exits of multiple people and track the entry/exit times of each employee.

Enhanced Security

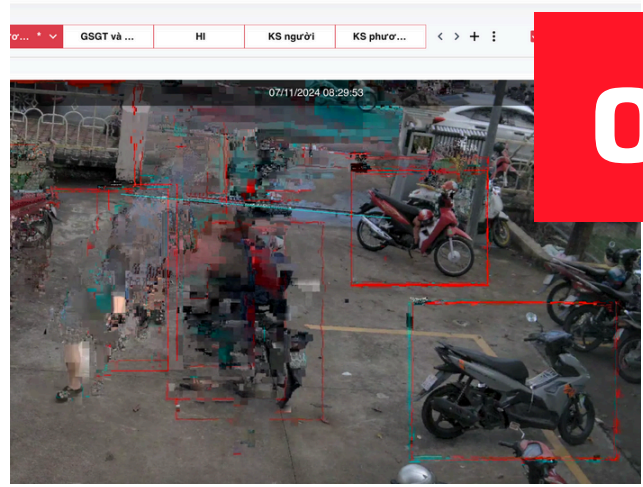

Monitor and log all access activities in real-time, with timely alerts for any unusual events.

Cost Savings

Eliminate additional costs such as rekeying when an employee leaves, and reduce operational expenses.

▶ SUCCESS CASES

01

People's Committee of Cà Mau

02

Viettel Group Building

03

Bình Dương Bus Station

04
