# THIS AWARD REWARDS

## The consistent quality of our wines

*The result of the collective dedication of our winegrowers and collaborators, illustrated notably by our renowned ranges TUTIAC, Carrelet, TOUT, ORIGINES, and Lion & the Lily.*

## Our sustainable innovation initiatives

*Projects such as the Help Protect the Ocean campaign, which collected nearly 2 tons of plastic in 2024, our self-produced electricity covering 50% of our energy needs, and the development of resilient grape varieties for a more sustainable viticulture.*

## Unprecedented commercial dynamism

*With strong growth in France and internationally, even in a challenging context for Bordeaux and French viticulture.*

## Our societal impact

*As the largest producer of AOC wines in France, we work daily to preserve the social fabric and support winegrowing activities in our vineyards.*

TUTIAC

# Key figures

We are **500 winegrowers** from both banks of the Gironde.

We are Tutiac, and what unites us is life, wine, human diversity and our fraternal spirit of cooperation.

Our 5 800-hectare terroir is one of the most beautiful, varied, nuanced, sappy and astonishing vineyards in the world! It gives us everything because we've been working with it **responsibly, respecting its naturalness, for generations.**

Bold, stubborn, obsessed with quality - that's our style, our way of making our wines. Lively, honest and distinguished, they offer unique pleasures to gourmets the world over, in all the expressions and traditions of Bordeaux: from Blaye to Sauternes, via Bourg, Fronsac, Médoc and Graves...

# All TUTIAC Appellations

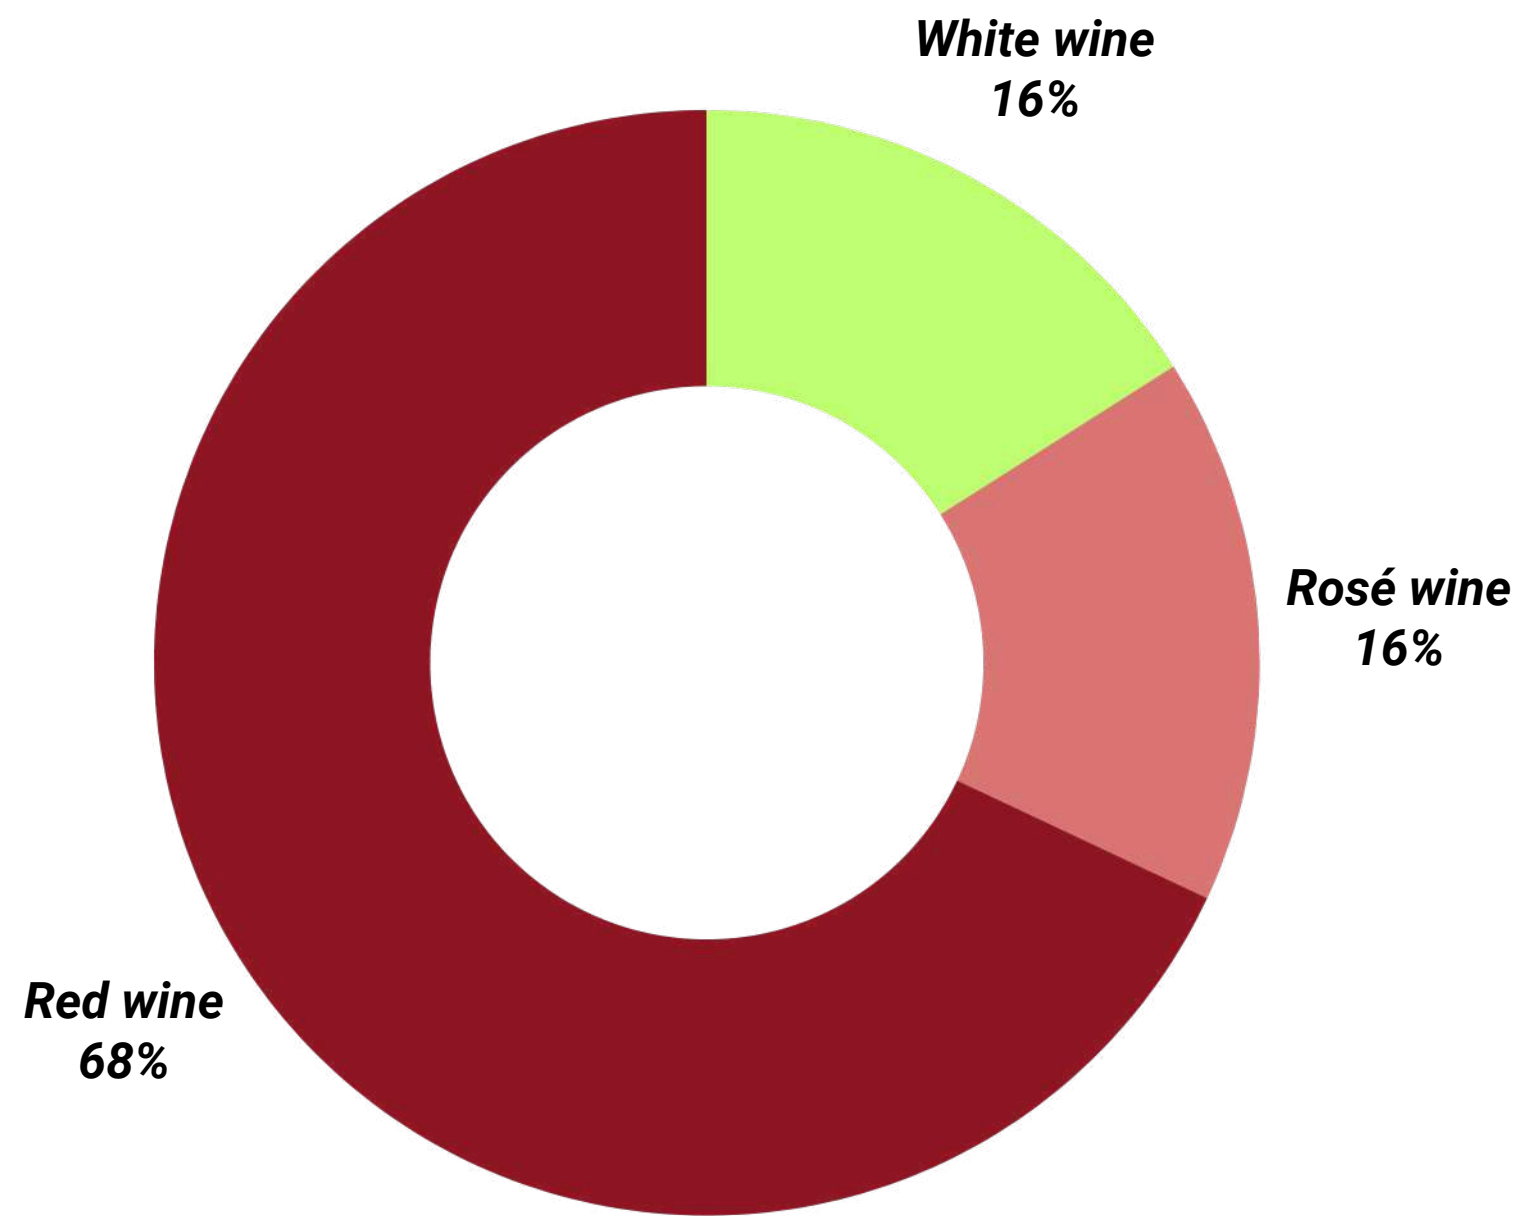

Our story began in **Blaye**, a village situated just north of Bordeaux around a 12th-century chapel bearing the name Tutiac. This historical monument finds itself in the middle of Bordeaux's oldest vineyard, located on clay-limestone, overlooking the Gironde estuary.

We are committed to **sustainable viticulture** and have been for many years including reducing the carbon footprint. We are taking steps to become a leader in environmental sustainability

# Our commitments

TO A GREENER AND MORE SUSTAINABLE FUTURE

2001

100% of our vineyards are awarded the environmental certification "Agriconfiance"

2014

Creation of an experimental vineyard - Indigenous varieties.

Since 2014, Tutiac has an **experimental vineyard dedicated to research into varietal choices and new cultivation practices**. Objective: preserve ecosystems and natural resources, develop biodiversity, limit vine applications. This action is supported by the French Ministry of Agriculture in favor of innovation for agro-ecological transition.

2018

TUTIAC in the only French cooperative using 100% **non-CMR** (Carcinogenic, mutagenic and reprotoxic chemicals). Investment in bio control products.

# Our commitments

TO A GREENER AND MORE SUSTAINABLE FUTURE

2019

Engagés dans une agriculture biologique respectueuse de l'environnement

2020

TUTIAC has converted 800 hectares of vines under organic certification.

2022

95% of our vineyards are “HVE” certified – environmentally friendly on a macro-climate scale.

2023

TUTIAC is certified CSR “Bordeaux Cultivates for Tomorrow” – external audit on all practices regarding viticulture & wine making to ensure respect for the environment.
