

# A SMART IOT PLATFORM TO MANAGE AND VISUALIZE DEVICES

## WHAT IS INOWISE.IO?

- ✓ Monitor, manage and track all your assets with INOWISE.IO, our live IOT management platform.
- ✓ Connect any sensor you need to monitor asset behavior and health.
- ✓ Get important insights and reports from asset data.
- ✓ Let our INOWISE.IO experts guide and assist you on your digital transformation journey.

# SUCCESS STORIES

---

# USE CASE

---

# SMOKE DETECTORS

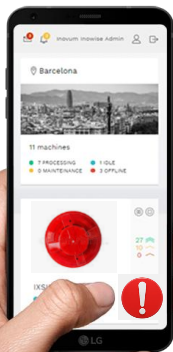

## CHALLENGE: 30.000+ SENSORS IN DIFFERENT LOCATIONS

Monitor over 30.000 sensors in different locations worldwide.

Achieve visual control.

Get real-time battery status updates and activity alerts.

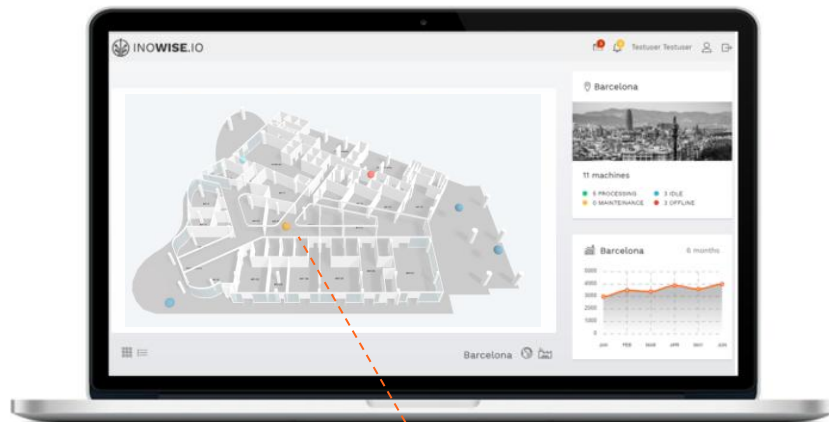

# 30.000+ SENSORS

## SOLUTION: INOWISE 3D MAP & REAL-TIME ALERTS

zoomable map to visualize  
all detectors locations

quick overview of  
selected location

sensor status and battery  
level insights

visualize your detectors on various levels,  
e.g. within a building or urban area.

## BENEFITS SMOKE DETECTORS

**LEGAL  
LEGACY RESPONSIBILITIES  
SOLVED**

**▼ 29 %**

**MAINTENANCE COSTS  
SAVINGS**

**REPORTS  
MONTHLY ABOUT  
STATUS**

**ALERTS  
IN REAL TIME**

# USE CASE SMART BUILDING

## CHALLENGE: LEGIONELLA MANAGEMENT

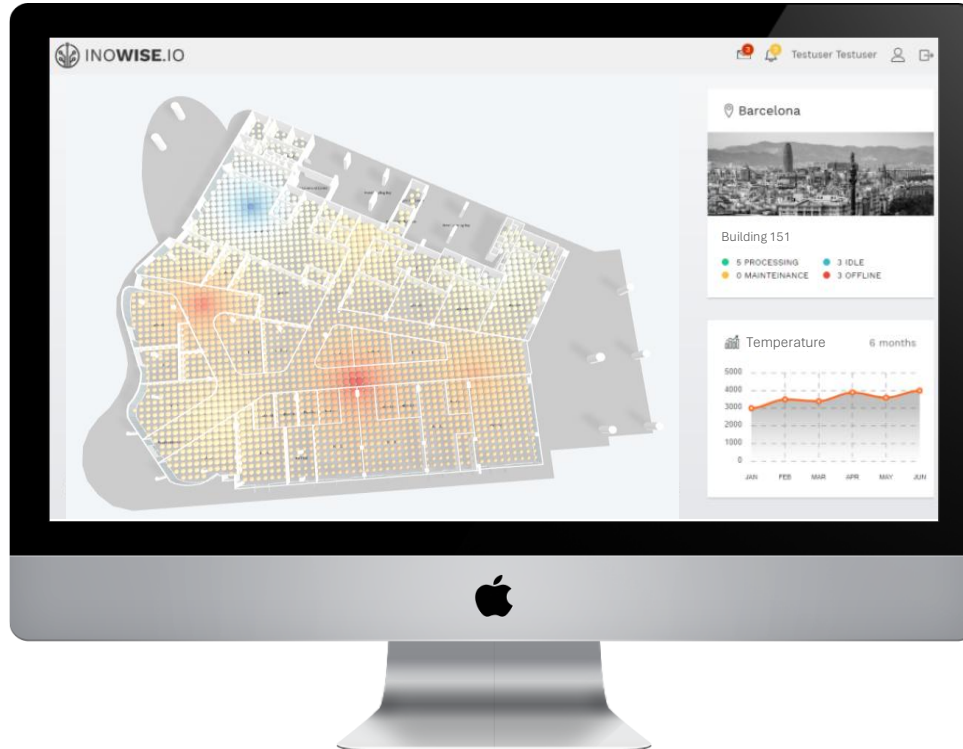

Development and implementation of a smart building concept.

Integration of advanced technology and AI to improve indoor quality and energy efficiency.

### Requirements:

- ✓ water leak monitoring
- ✓ room occupancy
- ✓ room temperature
- ✓ smart meters for water usage and electricity
- ✓ Legionella detection

## SOLUTION: SMART BUILDING CONTROL

- ✓ Water leak monitoring
- ✓ Real-time room temperature alerts
- ✓ Smart water and electricity meters
- ✓ Legionella management
- ✓ Visualize room occupancy
- ✓ Smart water and electricity meters

## BENEFITS SMART BUILDING

**SMART ROOM  
OCCUPANCY**

**▲ 12 %  
REDUCED  
OPERATING COSTS**

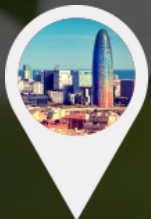

**CORPORATE  
WELLNESS**

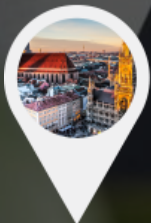

**GREENER  
FOOTPRINT**
