

A modern MRI scanner is shown from a three-quarter perspective. The large, white, spherical gantry is illuminated from within, casting a bright blue glow. The patient table, which is also white with a blue cushion, is extended outwards from the gantry. The background is a dark, gradient blue, creating a clean and futuristic aesthetic.

Younite Virtual Showroom

Next-Gen Product Showroom

VIRTUAL SHOWROOM

Connect with customers worldwide through an immersive platform that empowers sales teams with a photorealistic virtual showroom showcasing their full product range.

Key Benefits

Premium Brand Experience

Elevate the experience by letting buyers explore every detail through on-brand storytelling, and configure options in lifelike environments.

Faster Go-to-market

Launch products faster and start selling before physical models exist by engaging customers, dealers, and press instantly across all markets.

Shorter Sales Cycles

Drive sales by equipping dealers with a tool to showcase every model instantly, and make tailored offers with high-fidelity visuals.

Higher Conversion Rates

Give customers the confidence to purchase through an experience that enables exploration of options and brings every model to life.

VIRTUAL SHOWROOM

HOW IT WORKS

- 3D Models
- Materials
- Branded Environments
- Product Data

INPUTS

Collect geometry, product data, and configuration options as the foundation for immersive experiences.

PLATFORM

A real-time, cloud-streamed showroom that lets customers and sales teams explore products interactively.

OUTPUTS

Engage customers with lifelike product experiences and drive sales with instant configuration and pricing.

Technology

Elevating customer experiences through cloud-rendered 3D environments that open new opportunities for sales, brand engagement, and customer loyalty.

The Virtual Showroom combines advanced cloud rendering, real-time streaming, and intuitive interfaces to deliver a seamless experience for customers worldwide.

As an **Nvidia** and **AWS partner**, Younite delivers the Virtual Showroom on a foundation of graphics streaming networks, cloud-native solutions, and photorealistic rendering.

By integrating OpenUSD-based digital twins, spatial streaming, and generative AI, the platform empowers brands to engage customers worldwide, accelerate sales cycles, and unlock new business models.

Real-Time Customization

Let customers personalize products instantly in a dynamic 3D environment.

High-Fidelity Visuals

Create lifelike experiences with AI-enhanced rendering and cinematic realism.

Global Access Across Devices

Deliver consistent, cloud-rendered content on iOS, web, or in-store displays without hardware limitations.

Scalable & Secure

Cloud architecture with Nvidia GDN ensures global reach, smooth performance, and enterprise-level security.

Future-Ready Foundation

Built on digital twins, spatial streaming, and AI, the Virtual Showroom evolves with new technologies and market needs.

VIRTUAL SHOWROOM

Virtual Showroom Business

Description

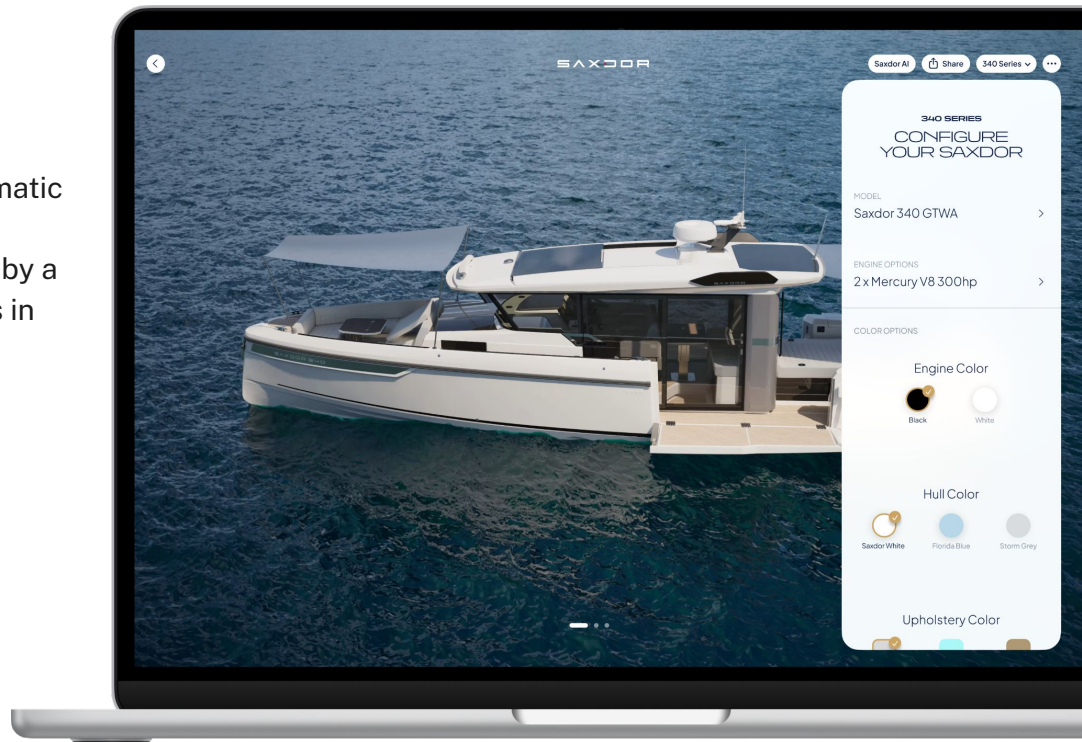

Fully interactive configuration experience with cinematic highlights of key features and product details. Configuration of complex products is made intuitive by a cloud-rendered interactive Digital Twin that updates in real time with each selected feature.

Audience

Dealers & Sales representatives

Key Benefits

- Fully dynamic Digital Twin
- Sales generation
- 1:1 configuration
- Responsive on desktop and ≥ 11 " tablets

Virtual Showroom Consumer

Description

Cinematic scrollable experience where feature highlights and configuration options are presented through pre-rendered animations and images. Clear configuration summary and CTA creates a clear path from lead to customer

Audience

Consumers and end buyers

Key Benefits

- Distribution to wider audience base
- Marketing & Lead generation
- Premium brand storytelling
- Responsive from desktop to mobile

Team Feedback

A large, black-bordered rectangular frame containing a title card. The background of the card is a soft, horizontal gradient from light purple on the left to light pink on the right. The text is centered and reads: 'Younite' in a large, bold, black sans-serif font, followed by 'Virtual Showroom' in a slightly smaller, bold, black sans-serif font. Below this, in a smaller, all-caps, black sans-serif font, is the text 'WORLD'S FIRST VIRTUAL YACHT LAUNCH IN CANNES BY SAXDOR'.
