

Who we are

YARN connects lived experience, healthcare, research and policy across 28 countries, bringing together a 100-member Youth Cancer Council and the ACE Academy.

What we are working on

Improving quality of life through mental health, survivorship, education, healthy lifestyles and peer support, co-created by young people and professionals.

What's the one thing we need next

Young people affected by cancer must have a meaningful role in shaping cancer policy, research and healthcare from the outset — not only after decisions have been made.

5 years Mission Cancer: Stronger Through Connection

BRUSSELS

29 SEPTEMBER – 01 OCTOBER
