

Vitrager.com

Where Construction Meets eCommerce

Configurable products and services.
Multilingual. Mobile-first.

Problems

Selling custom windows and services online is difficult.

Pricing is often hidden, complex, or delayed.

eCommerce keeps growing – but construction stays offline.

Our Solution

From complex configuration to simple checkout

1 Instant window and door configuration/quotations

2 Service selling (installation, delivery, measurement)

3 Multilingual websites optimized for SEO

4 CRM and manufacturing software integration
