

Who we are

Hope4Kids unites 70+ organisations across 23 countries to ensure children with cancer receive timely, high-quality and holistic paediatric palliative care.

What we are working on

We map services, develop guidelines, test interventions, train caregivers and professionals, and build a sustainable European paediatric palliative care network.

What's the one thing we need next

We need action to turn evidence into routine practice and ensure every child with cancer receives compassionate, holistic palliative care from diagnosis onwards.

**5 years Mission Cancer:
Stronger Through Connection**
