

ONCOSCREEN

Who we are

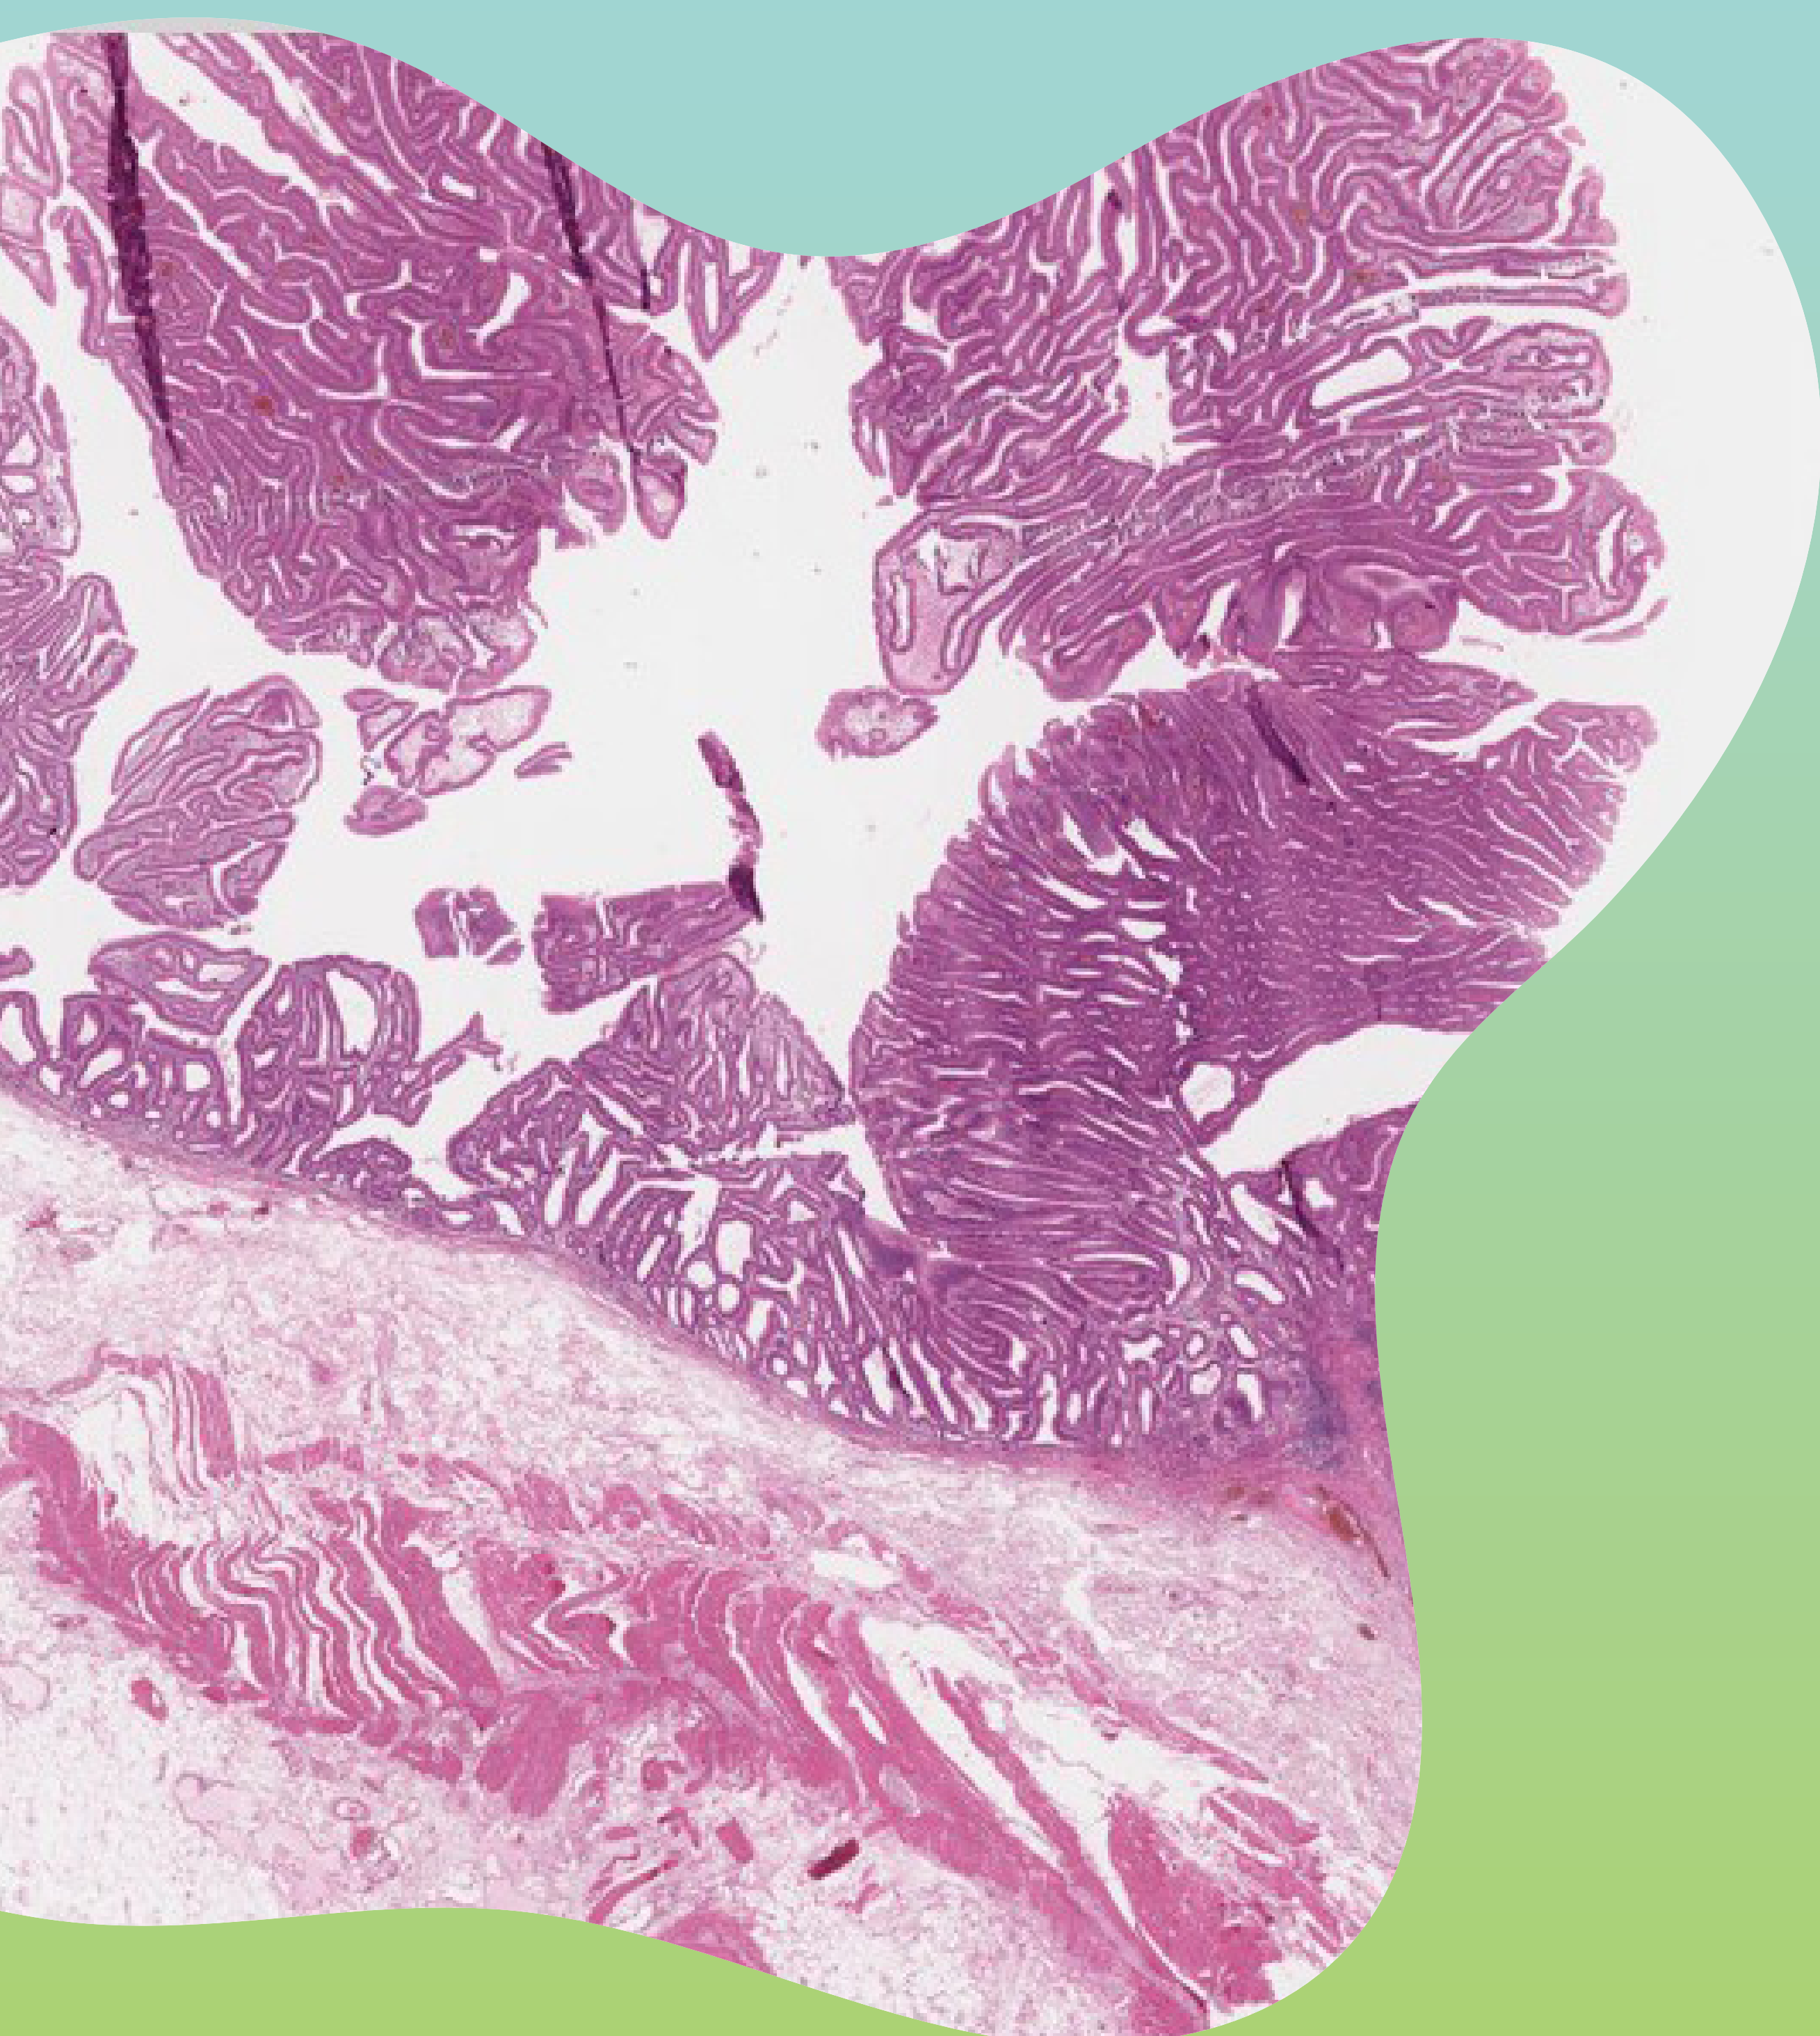

ONCOSCREEN is a European consortium of 38 partners across 15 countries, combining clinical expertise, cutting-edge technologies, research excellence and patient perspectives to transform colorectal cancer screening

What we are working on

ONCOSCREEN is developing innovative, risk-based colorectal cancer screening solutions, combining novel technologies, AI, digital tools and personalised approaches to enable earlier detection and improve outcomes.

What's the one thing we need next

Colorectal cancer remains a major cause of cancer deaths in Europe. Earlier detection and wider screening participation, reducing inequalities can save lives of European citizens.

**5 years Mission Cancer:
Stronger Through Connection**
