

Activate Your IP with AR

Transform how fans engage with your anime, characters, and creative properties using Artivive.

Artivive is the **no-code, AI-powered AR platform trusted by 600,000+ creatives, brands, and IP owners worldwide**. Bring your creations to life with immersive campaigns, interactive products, and unforgettable fan experiences. With Artivive, you **can transform any product, print, or space** into a dynamic, **multimedia experience — no coding required**.

Join a **global community** spanning **192 countries** — with **150+ brands** and **200+ museums** already using Artivive to captivate their audiences.

Bring Characters to Life

- AR Trading Cards: Characters deliver iconic lines or unlock hidden storylines.
- T-shirts animate transformations, jackets reveal seasonal outfits.
- Interactive Packaging: Snack boxes and cans trigger collectible mini-games.

Transform Locations into Narrative Hubs

- AR Murals & Selfie Spots
- Pop-Up Exhibitions
- AR Treasure Hunts

Empower Fan Creativity

- Open Call Contests: Fans animate official artwork with Artivive.
- Monetization Options: IP owners can license or sell fan-created content.

Cross-Media & Campaign Integration

- Add a digital layer to everything — without
- changing the product.
