# Our story

The Alpeker project was founded in 2012 with the aim of enhancing and safeguarding the typical local artisanal products of South Tyrol and promoting them on the national market. Initially, a local growth model marked by sustainability was developed, which was able to enhance the area's resources, resulting in high-quality products. Then, over the years, Alpeker evolved its approach, offering increasingly distinctive products and responding to new markets needs.

FROZEN KEFIR  
natural

FROZEN KEFIR  
multifruit

Orange,  
Pineapple, Papaya,  
Passion fruit

Yogurteria® presents  
the new **Frozen Kefir**  
a unique innovation that  
combines tradition  
and taste in a healthy  
and refreshing dessert!

# FROZEN Kefir

Our milk Kefir is a fermented cream that is rich in nutritional properties, enjoyed for its high content of probiotics, which are useful in promoting the balance of intestinal flora and improving digestion.

It is a **natural source of high-quality protein, vitamins of group B, calcium and magnesium**, which are essential for healthy bones and muscles.

In addition, thanks to the fermentation process, **kefir is more digestible than traditional milk**, making it suitable even for those who are lactose sensitive.

## Find out Yogurteria® Frozen Kefir:

the perfect combination of the beneficial qualities of kefir, which is rich in probiotics, and the irresistible deliciousness of a creamy ice cream.  
An healthy pleasure that pampers the palate and is good for your well-being!

# FROZEN Kefir

**Frozen Kefir naturel** is a fresh and light dessert made with authentic kefir, a fermented milk known for its probiotic benefits. Creamy and naturally refreshing, it offers a delicate and balanced taste, perfect for those looking for a healthy alternative to traditional ice creams.

Ideal for a delicious break or as a light end to a meal, Frozen Kefir combines goodness and wellness in every spoonful.

**Frozen Kefir multifruit** is an irresistible mix of freshness and wellness. Made with kefir and enriched with the exotic flavours of orange, pineapple, papaya and passion fruit, it offers a fruity and refreshing flavor explosion.

Perfect for those seeking a nutritious and light dessert, it combines the probiotic properties of kefir with the vitality of tropical fruit, providing a unique experience of pleasure and health.
