

KRAFTINNER[©] methodology includes:

- Preparation and setup of free-building rooms, based on their specific design;
- Play and construction materials for up to 14 children;
- The 10-session SALA program;
- A narrative story and play program *How to Raise a Person with a Big Heart*;
- Masterclasses on implementing the KRAFTINNER free-building method;
- An international professional development program for specialists to prepare them for implementing the *ISLAND* psychopedagogical program as rehabilitation tool in work with children;
- Supervision support during the implementation of the method;
- The opportunity to join the KRAFTINNER community, receive inspiration, participant stories and testimonials, and ideas for further work.
