

# Gerlinger Group

Adhesive tapes and sealants since 1961

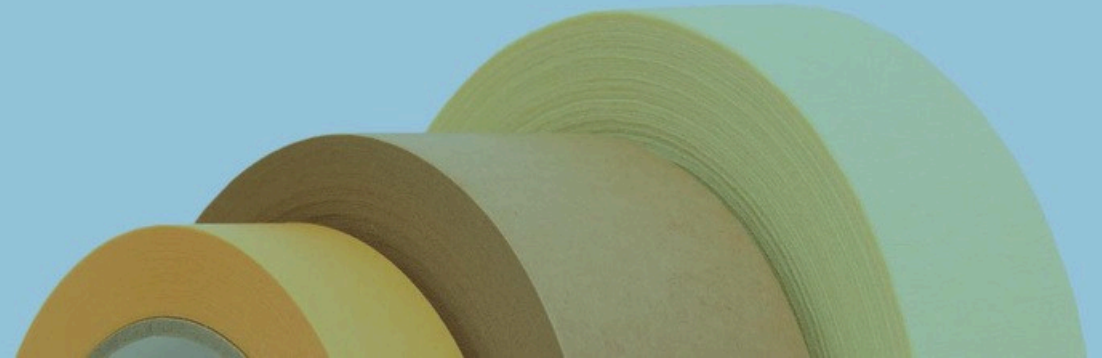

# Program Overview

## Structure

product line 100	Paper Adhesive Tapes
product line 200	Cloth Adhesive Tapes
product line 300	Foam and non-woven Adhesive Tapes
product line 400	Packaging Tapes
product line 500	Technical Film Adhesive Tapes
product line 600	Butyl Rubber Tapes
product line 700	Aluminium Film Tapes
product line 800	Self-Adhesive Masking Films
product line 900	Double Sided Adhesive Tapes

## Product line 100 Paper Adhesive Tapes

### Packaging tape

#### Gerband 126

**paper adhesive tape**

for packaging and splicing.

### Highly creped adhesive tape

#### Gerband 130

**highly creped adhesive tape**  
for paintwork.

### Smooth creped adhesive tape

#### Gerband 132

**smooth creped adhesive tape**  
for paintwork.

#### Gerband 137

**smooth creped adhesive tape**

for industrial varnishing,  
for high temperature.

#### Gerband 140

**smooth creped adhesive tape**

for paintwork and varnishing, for indoor and outdoor, UV stable.

polyacrylate adhesive

### „Washi“ tape

#### Gerband 142

**„Washi“ tape**

for paintwork and varnishing, thin and smooth, for precise and flat paint edges.

polyacrylate adhesive

## Product line 200 Cloth Adhesive Tapes

### Glass cloth

#### Gerband 205

**Glass cloth adhesive tape**  
Insulation class F,  
as bandage in reel  
production.

#### Gerband 210

**Glass cloth adhesive  
tape**  
Insulation class H,  
as bandage in reel  
production and masking  
tape.

### PE-coated cloth

#### Gerband 246

**Cloth adhesive tape**  
for sealing and linking,  
fixing, bundling and  
packing.

synthetic rubber adhesive

#### Gerband 250

**Spun-rayon fabric  
adhesive tape**  
for sealing, fixing,  
masking, marking  
and bundling.

natural rubber adhesive

#### Gerband 258

**Spun-rayon fabric  
adhesive tape**  
high tear resistant, for  
fixing, marking, back  
stripping and masking.

natural rubber adhesive

#### Gerband 259

**Spun-rayon fabric  
adhesive tape**  
for inside and outside,  
UV-resistant, for  
masking.

natural rubber adhesive

## Product line 300 Foam- and non-woven Adhesive Tapes

### Sealing tapes

#### Gerband 311

**PUR-foam-sealing tape**  
compressed state and  
self-expanding, for  
sealing up to 300 Pa.

#### Gerband 315

**PUR-foam-sealing tape**  
compressed state and  
self-expanding, for  
sealing up to 600 Pa.

### Sealing tapes for window and door frames

#### Gerband 301

**Diffusion-open  
flashing membrane**  
for exterior, cold-side  
airtight and windtight  
sealing of joints in window  
and door frames.

#### Gerband 350

**Diffusion-inhibiting  
flashing membrane**  
for interior, warm-side airtight  
and windtight sealing of joints  
in window and door frames.

## Product line 400 Packaging Tapes

### PVC-Tapes

#### Gerband 404

hard-PVC-tape  
for packaging.

#### Gerband 407

hard-PVC-tape  
for packaging, sealing,  
securing, bundling and  
strapping, thicker foil.

### PP-Tapes

#### Gerband 412

PP-tape  
for packaging.

polyacrylate adhesive

#### Gerband 413

PP-tape  
low noise, for  
packaging.

natural rubber adhesive

#### Gerband 415

PP-tape  
for packaging.

synthetic rubber adhesive

## Product line 400 Packaging Tapes

### Glass-filament adhesive tape

#### Gerband 470

##### filament tape

reinforced length and crosswise, for bundling, securing and protecting.

#### Gerband 480

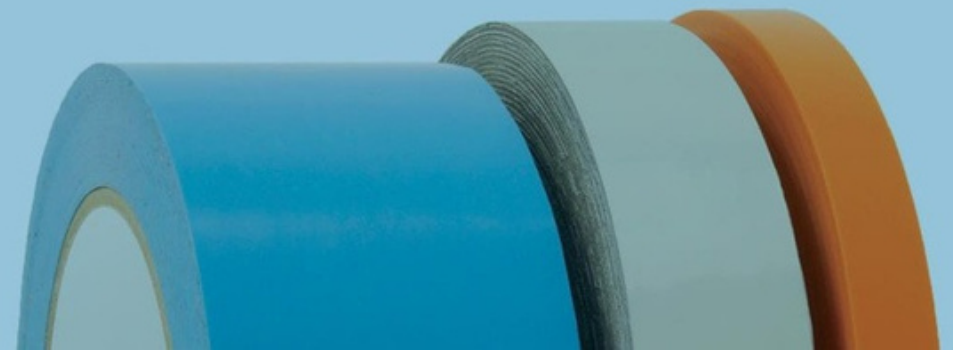

##### filament tape

reinforced lengthwise, for bundling, securing and protecting.

## Product line 500 Technical Film Adhesive Tapes

Your paragraph text

### Silicone adhesive tapes

#### Gerband 505

**polyester adhesive tapes**  
for splicing and masking.

#### Gerband 507

**polyester adhesive tapes**  
for splicing and masking  
at extremely high  
temperature.

#### Gerband 560

**soft PVC adhesive tape**  
for masking and  
sheeting, sealing and  
bundling.

### Soft PVC adhesive tapes

#### Gerband 565

**soft PVC adhesive tape**  
for painters and  
plasterers, for sealing  
and marking.

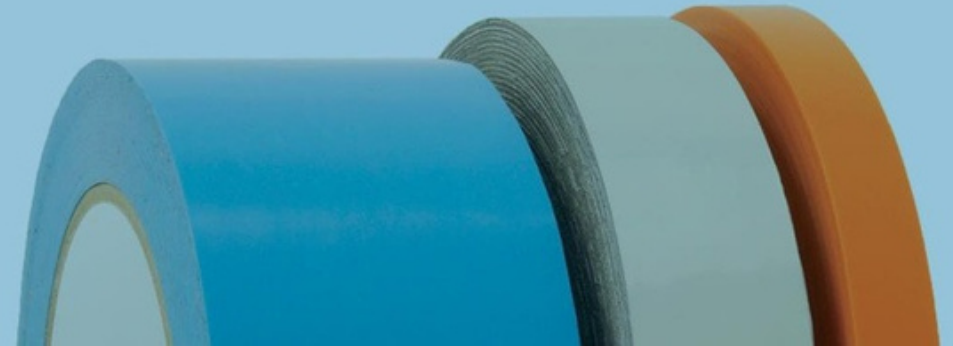

#### Gerband 575

**soft PVC adhesive tape**  
warning tape, marking of  
moving parts and  
dangerous areas.

## Products for airtight and windtight sealing

### rooftite system

#### Gerband 186

##### special paper adhesive tape

for bonding of vapor barriers, PE webs, aluminium webs, PP fleece.

special paper

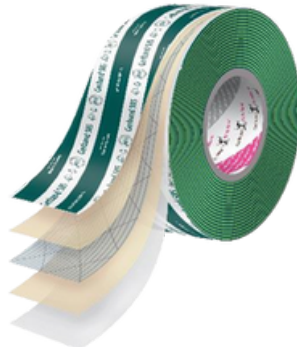

#### Gerband 386

**special non-woven adhesive tape** for sealing and sheathing underlay membranes and facade membranes, for repairing.

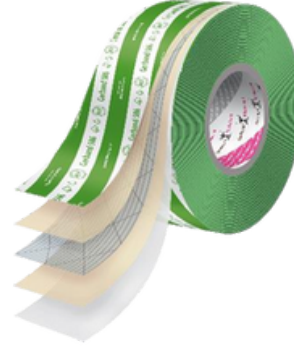

#### Gerband 585

**PE adhesive tape** air-tight bonding and sealing of penetrations and overlaps of wind and vapor barriers.

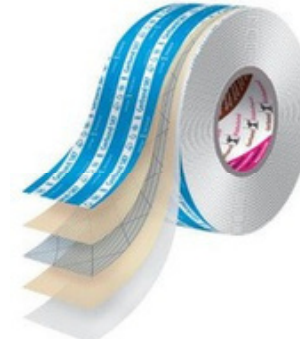

#### Gerband 586

**PE adhesive tape** air-tight bonding and sealing of penetrations and overlaps of wind and vapor barriers.

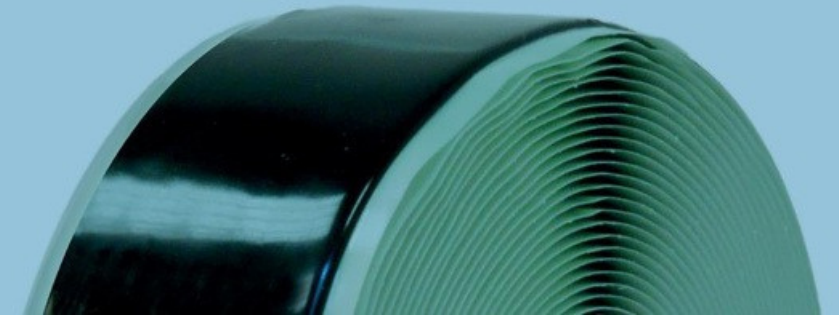

#### Gerband 587

**special film adhesive tape** heat and cold-resistant, use on the cold side of the construction, for roofing underlayments and facade membranes.

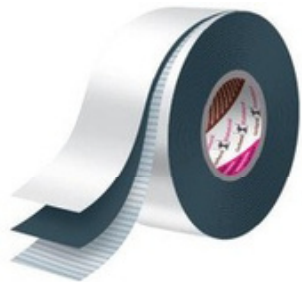

## Product line 600 Butyl Rubber Tapes

### Butyl Rubber Tapes

#### Gerband 600

**Aluminium butyl rubber tape**  
for permanent sealing.

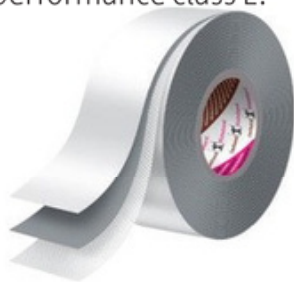

#### Gerband 610

**PE butyl rubber tape**  
for airtight bonding and sealing of vapour barriers.

#### Gerband 612

**Non-woven butyl rubber tape**  
for masking and sealing of gaps and joints in construction sector, fire performance class E.

#### Gerband 617

**Aluminium butyl rubber tape**  
for masking and sealing applications of seams, joints, pipes.

#### Gerband 690

**Butyl rubber string**  
for sealing and fixing, vibration damping.

## Product line 700 Aluminium Film Tapes

### Aluminium film tapes

#### Gerband 705

**Aluminium film tape**  
flame resistant, for  
masking and sheating.

polyacrylate adhesive  
aluminium film 25 µm

#### Gerband 710

**Aluminium film tape**  
for sealing and sheating.

polyacrylate adhesive

#### Gerband 712

**Aluminium film tape**  
flame resistant, for  
sealing, sheating and  
isolation.

polyacrylate adhesive  
aluminium film 50 µm

#### Gerband 715

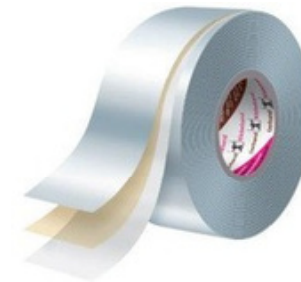

**Aluminium film tape**  
flame resistant, for sealing,  
sheating and isolation, for  
gas-shielded arc welding,  
galvanic processes.

polyacrylate adhesive  
without liner

#### Gerband 725

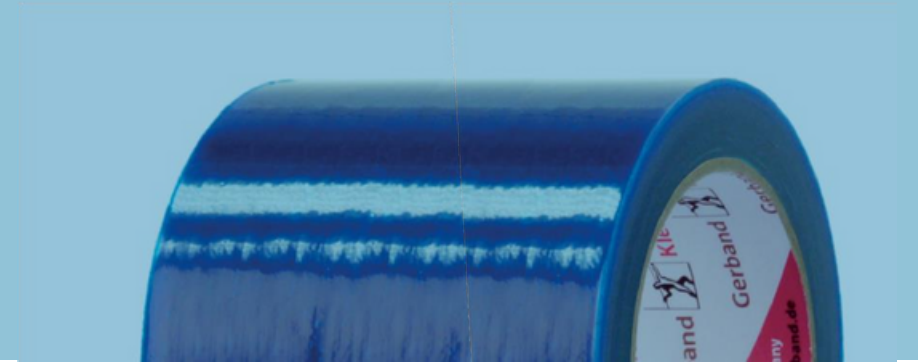

**Aluminium film tape**  
flame resistant, for sealing,  
sheating and isolation, for  
gas-shielded arc welding.

polyacrylate adhesive  
aluminium film 100 µm

## Product line 800 Self-Adhesive Masking Films

### PE-film

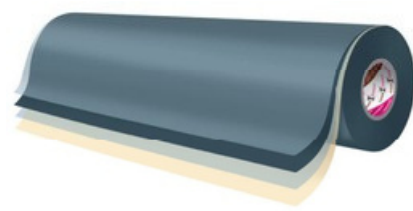

#### Gerband 841

**PE-surface protection film**  
for protecting sensitive  
surfaces, painters- and  
plasterers work.

#### Gerband 842

**PE-surface protection  
film** for protecting  
sensitive surfaces,  
moisture and UV-  
resistant.

## Product line 900 Double Sided Adhesive Tapes

### foam

#### Gerband 914

##### PE-foam tape

double sided, for mounting and installing of emblems, panels and profiles.

polyacrylate adhesive  
solvent based

#### Gerband 915

##### PE-foam tape

double sided, for mounting and installing of emblems, panels and profiles.

polyacrylate adhesive  
solvent based

### film

#### Gerband 930

##### Polyester adhesive tape

double sided adhesive, for self-adhesive equipping and splicing.

polyacrylate adhesive  
water based

#### Gerband 981

##### Polyester adhesive tape

double sided adhesive, for self-adhesive equipping and splicing.

polyacrylate adhesive  
solvent based

## Product line 900 Double Sided Adhesive Tapes

### Paper non-woven fabric

#### Gerband 946

**Non-woven fabric tape**  
double sided adhesive,  
for self-adhesive  
equipping and  
laminating.

polyacrylate adhesive  
water based

#### Gerband 952

**Non-woven fabric tape**  
double sided adhesive, for  
self-adhesive equipping  
splicing.

polyacrylate adhesive  
water based

#### Gerband 986

**Non-woven fabric tape**  
double sided adhesive, for  
self-adhesive equipping  
and laminating.

polyacrylate adhesive  
solvent based

### Cloth

#### Gerband 950

**Cloth adhesive tape**  
double sided  
adhesive, for  
bondings of floorings.

polyacrylate adhesive  
water based

### Transfer

#### Gerband 973

**Transfer adhesive tape**  
double sided, fitting of  
carpet skirtings and self-  
adhesive equipping.

polyacrylate adhesive  
water based
