ABOUT

ROKA TOP DESIGN

ROKA TOP DESIGN is a Romanian company active on the European market since 2008, supplying premium interior finishing materials and professional installation services for residential, commercial and project applications.

From our base in Pitesti, Romania, we work with respected European and international brands, supporting projects from product selection and technical specification to quotation, logistics and selected installation services.

“

Our mission is simple: to deliver quality materials, professional service and reliable partnerships that stand the test of time.
