

This portable cooling fan combines powerful cooling technology with over 30 million negative ions to deliver a refreshing and clean airflow. Its compact and lightweight design easily fits into your pocket or backpack, making it perfect for everyday use.

Use it as a handheld fan, place it on your desk, or wear it with the included lanyard for hands-free comfort.

Tired of heat and air pollution? Enjoy cooler, cleaner air anytime, anywhere with your perfect daily companion.

- **Ion air purification**

Release up to 3000 times more ions than a forest environment

Helps reduce PM2.5 and airborne pollutants for cleaner airflow

- **Clean. Cool. Refreshing.**

100 speed levels for personalized airflow

Semiconductor cooling plate for cooling comfort

Powered by 30 million ions for cleaner, fresher airflow

- **Versatile for every situation**

Handheld use

Desktop stand
Wear with lanyard

Specifications

Colors: Champagne gold, Space gray
Dimension: 6.8 × 4.3 × 15.3 cm
Weight: 180g
Negative Ion Output: 30,000,000 ions/cm³
Fan Speed Levels: 100 levels
Semiconductor cooling plate: Support
Air Speed: 5.3-9.5 m/s
Fan Speed: 18,000 RPM
Battery Voltage: 3.7 V
Battery Capacity: 3,000 mAh
Low Speed (Levels 1–10): Up to 11.2 hours
High Speed (Levels 50–100): Up to 3.2 hours
Low Speed + Cooling Mode: Up to 130 minutes
High Speed + Cooling Mode: Up to 100 minutes
Charging Time: 4 hours
Operating Time: 1.4-11.2 hours (USB type-C charging)
