# HÄRTHA GROUP – HEAT TREATMENT SPECIALIST WITH THE FOCUS ON HIGH-END INDUSTRIES.

13 LOCATIONS. OF WHICH 3 ARE NADCAP-  
CERTIFIED. 500+ EMPLOYEES.  
OPERATING ACROSS EUROPE.

## HEAT TREATMENT FOR COMPONENTS THAT HAVE TO FUNCTION EVEN IN EXTREME PERFORMANCE RANGES.

### WHY HÄRTHA?

- Certified to Nadcap and EN 9100
- 100% process reliability
- 100% traceability
- Tailor-made heat treatment solutions
- Technical advice from industry professionals
- Delivery dependability & guaranteed quality

## WHEN COMPONENTS HAVE TO WITHSTAND EXTREME LOADS

There is no room for compromise in the world of aerospace. Temperature, pressure, dynamics – Your components need to work with perfect reliability.

### OUR RESPONSE:

- Maximum precision for high-performance components with dimensional stability
- Effective protection against wear and surface damage
- Targeted process adjustments to achieve the very best in materials performance
- Quality with micrometre precision – with transparent documentation and trustworthy certification
