

PITCH DECK

**The Future  
of Data Centers  
is HERE**

# INTRODUCTION

Next-Generation provider of  
eco-responsible data centers  
For a more **Efficient, Sovereign,**  
and **Sustainable Cloud**

# THE PROBLEM

## **A surge in demand driven by AI...**

Artificial intelligence, 5G, IoT, and cloud services are fueling exponential growth in data center demand.

### **Leading to major challenges:**

- Energy challenge : excessive electricity consumption
- Environmental challenge : massive carbon footprint
- Land availability challenge : scarcity and high cost of land
- Sovereignty challenge : technological and geographical dependency
- Digital desertification challenge

# OUR SOLUTION

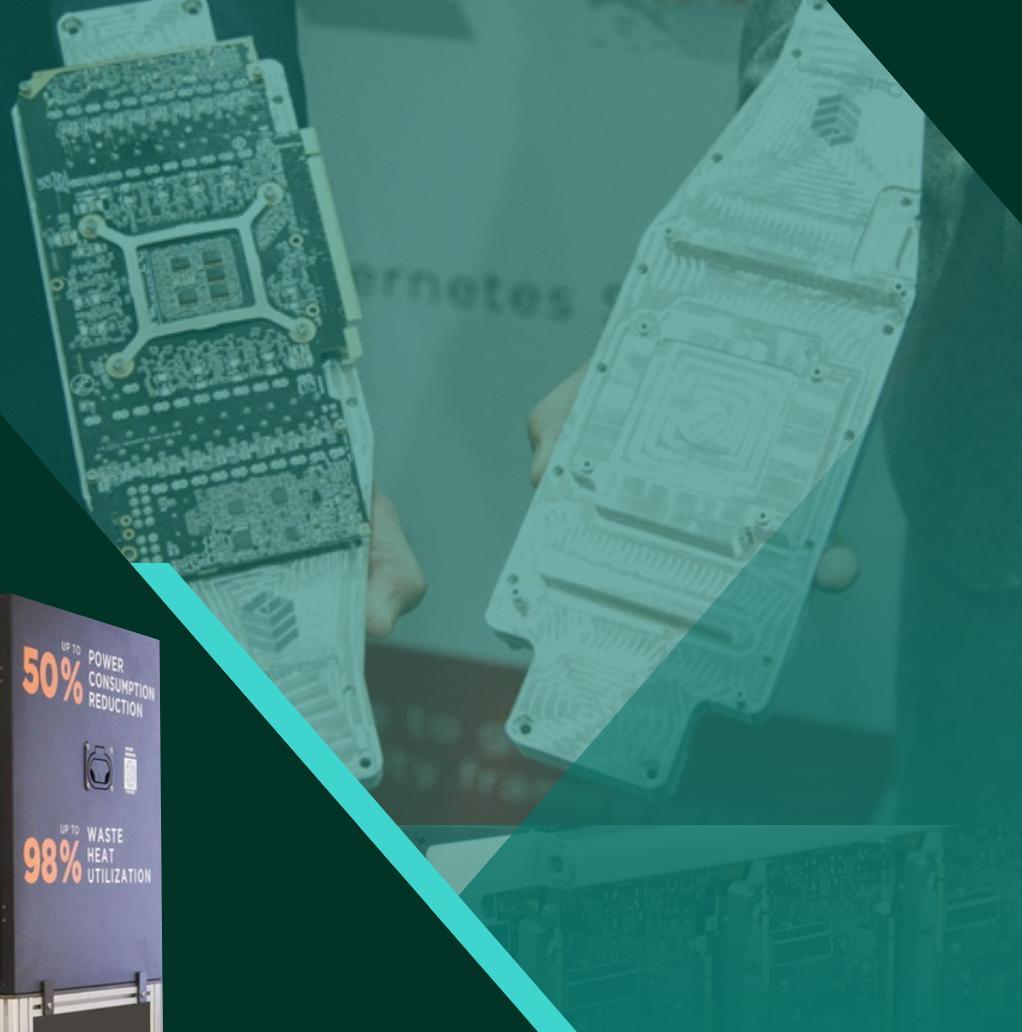

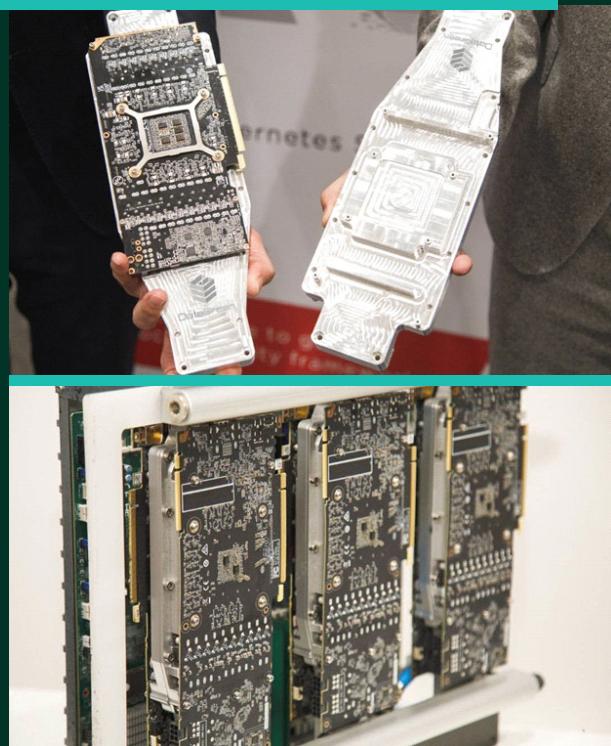

**DataGreen :**  
**a technological and ethical approach**

**We address all these challenges through innovation :**

- **IP67 Enclosures** : Fully sealed against air, humidity, and dust
- **ECC (Efficient Chip Cooling)** : On-chip liquid cooling – no water, no immersion, no air conditioning
- **Thermal Recovery System** : Up to 98% of residual heat recovered
- **Predictive AI & Machine Learning** : Real-time energy optimization
- **Retrofit of existing data centers** : Giving existing infrastructure a sustainable second life
- **Decentralized Data Centers**

# OUR TECHNOLOGIES IN IMAGES

# OUR PRODUCTS

Direct-to-chip cooling.

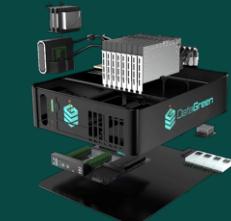

**DTG 3XS.**

**DTG 2XS**

- Edge computing for telecom & SME & Private
- DTG 2XS new generation extra small sealed box, more performance & Better AI integration

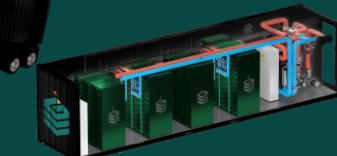

**DTG XS.**

- DTG 2XL Higher capacity and easy retrofit
- Inference and edge computing

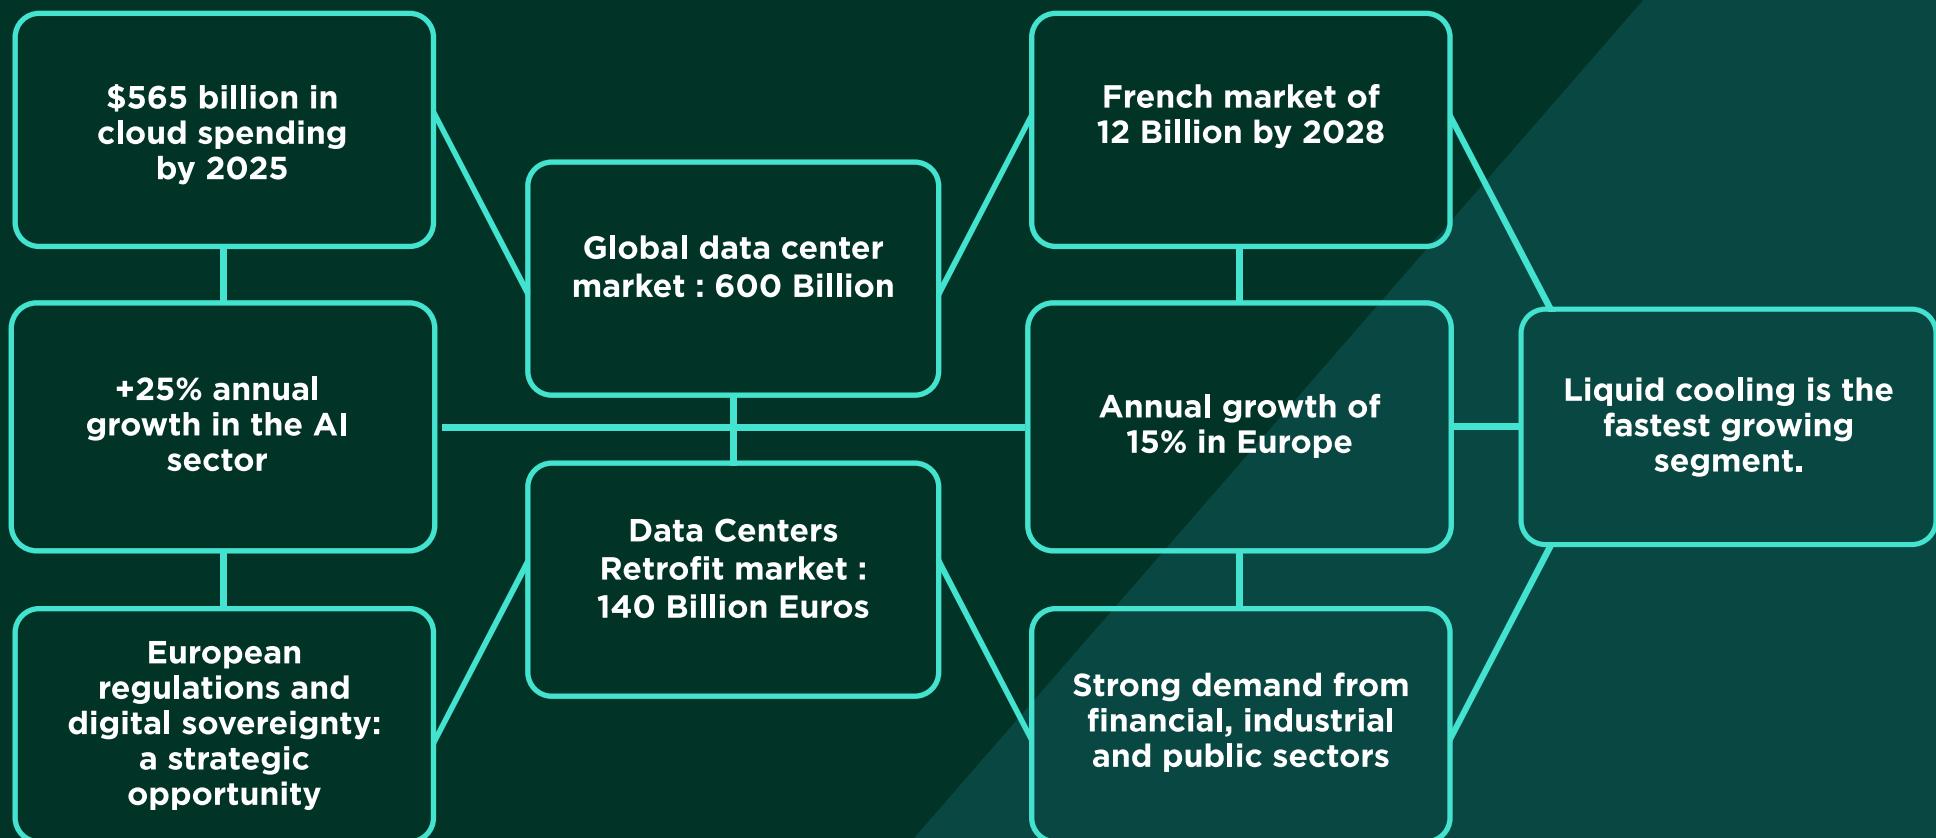

**Mobile DTG.**

for temporary events & Digital desert areas

# MARKET & OPPORTUNITIES

# GO-TO-MARKET STRATEGY

## Channels :

- Data center integrators
- European cloud providers
- Industrial partnerships (energy, telecom)
- Local authorities & green free zones

## Progressive Market Penetration :

- POC (France / Europe)
- Scale-up in high-density digital zones
- International expansion with local partners

# AWARDS & CERTIFICATIONS

- **Winner of the GreenTech Award by Dassault Systèmes**
- **Winner of the CES 2025 Innovation Award**
- **Winner of the Business Landing 2024 by the Nice Metropolitan Area**
- **HI FRANCE Certification: Label for innovative companies worth investing in**
- **Pre-selected with IMREDD for the Winter Olympics 2030 Smart Village tender**
