

BIMTECH and our tools

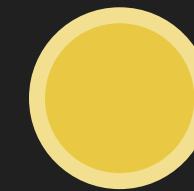

WHAT IS OUR **VISION?**

CREATE ONE TOOL FOR ALL

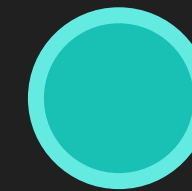

Architects and civil engineers want a complex tool, containing different products with any assessment possible.

ONLY ONE ADD-ON FOR
ALL MANUFACTURERS

ONLY ONE ADD-ON
FOR ALL DESIGN
SOFTWARE

ONLY ONE ADD-ON
FOR ALL
ASSESSMENTS

We have around 40,000 registered users,
of whom about 20,000 are outside the Czech Republic and Slovakia.

BIMTech References

BIMTech Tools contain products of these manufacturers:

The amount of published products in the European region:

- 3032 building materials
- 170 parametric objects
- 825 sandwich constructions
- 652 color charts
- 4657 construction details

BIMTech tailored development

Combined platform

Branded version, special features

Confidex Guarantee

Calculation of sea distance from GEO servers for project location

API update

Get fresh data from manufacturer

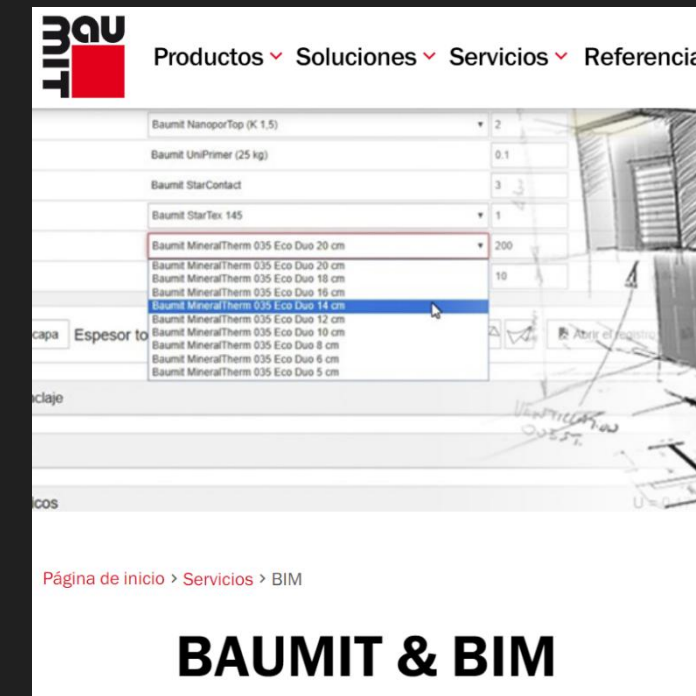

Computi in Cloud

Addon, BIMTech Core Lib
Cost evaluation

Math solver

Calculates specific formulas

Baumit Tools

Branded version, special features

API Connection

Product data update
