

## ABOUT US

- Goodless is a Belgian start up company.
- We provide an automated Pay & Refund solution for reusables.
- Markets: sports or music venues, large events, offices, public spaces.

**We are looking for business opportunities abroad to accelerate the switch to 100% reusables.**

Goodless - Your smart automated Pay & Refund solution for reusables.

### Nice to know:

Goodless products are equipped with RFID-technology. This makes it possible to follow the life cycle and automate the deposit and refunding process.

### Quick implementation:

- Asses use case & needs of the client
- Acquire payment procurer data
- Run pilot project
- Roll out throughout organization

Level up your sales and logistics with the Goodless Smartcups. Using the Goodless Dispenser or Maxibin, your clients can enjoy their drinks and food without any queues to recuperate the deposit. Simply drop off the used Smartcup and get your refund automatically.

### Our Goodless Smart-products:

- Smartmat
- Smartcup
- Smartbin
- Maxibin
- Smart Dispenser

## MAXIBIN

- Drop off up to 25 cups at once. All sizes, all shapes.
- Automated and instant refund after deposit.
- Can be adapted for plates and containers.
- Stores up to 2500 cups at once. That's a lot of drinks.
- Ideal to handle large volumes quickly.
- Change the basket in 1 minute. Quick and Easy.
- Plug & play using 4G – only 220v outlet needed. Ready, set, go!
- Follow sales and returns via the dashboard.

Goodless – Your smart automated Pay & Refund solution for reusables.

### Nice to know:

Goodless products are equipped with RFID-technology. This makes it possible to follow the life cycle and automate the deposit and refunding process.

### Technical necessities:

- 220v electrical outlet.
- Wind- and weatherproof.
- Do not place the maxibin next to large appliances to avoid interference.
