

AT A GLANCE **2026**

A global leader in technologically advanced, responsibly manufactured aluminum solutions and recycling.

Ideas. Materialized.

WHO WE ARE

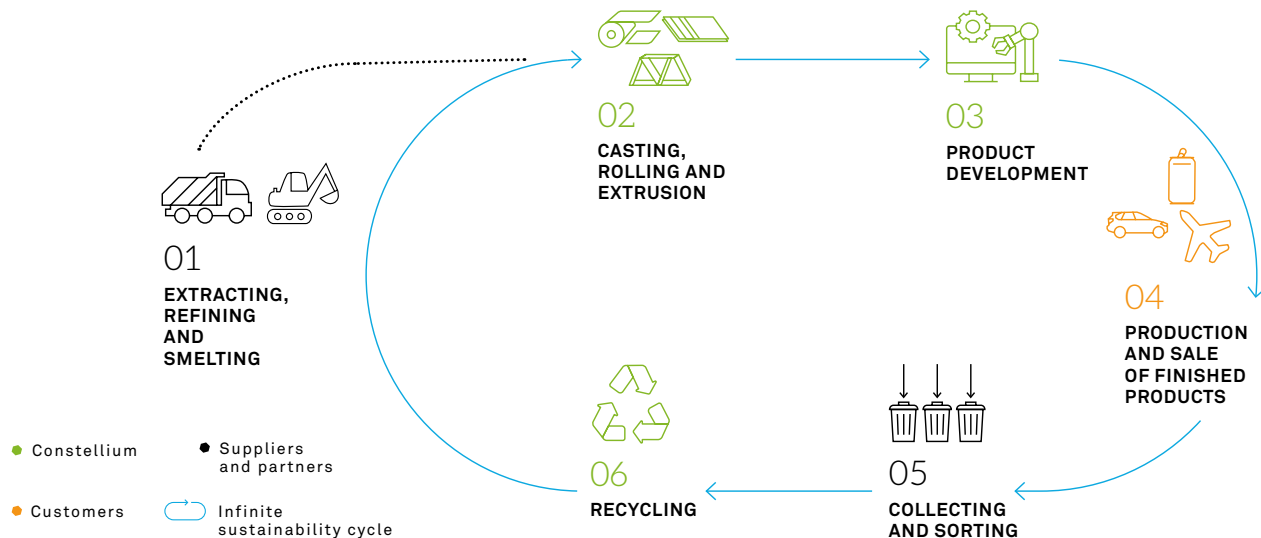

Constellium is a world leader in transforming aluminum into innovative, lightweight products, primarily for the aerospace, packaging, and automotive markets. We are a public company listed on the New York Stock Exchange (NYSE: CSTM).

A GLOBAL NETWORK

CREATING VALUE THROUGHOUT THE ALUMINUM LIFE CYCLE

We transform aluminum into rolled and extruded products and automotive components, partnering with our customers to develop new sustainable solutions. We recycle throughout the process for a completely circular value chain.

WHAT WE DO

Strong, light, and infinitely recyclable, aluminum is the sustainable material of the future. We work hand in hand with our customers to design, develop, and engineer products and solutions, from airplanes to cans, cars, and more.

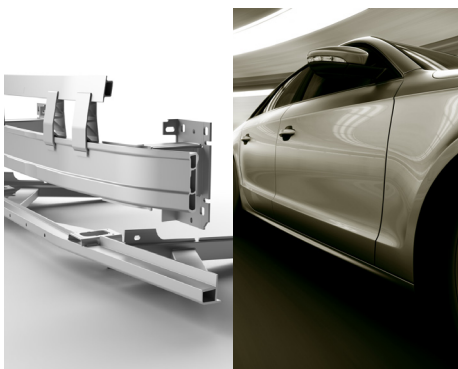

AEROSPACE

As a significant global partner of aerospace manufacturers, we supply aluminum plates, sheets, and extrusions to the commercial, military, and space markets, allowing them to keep operating at full speed.

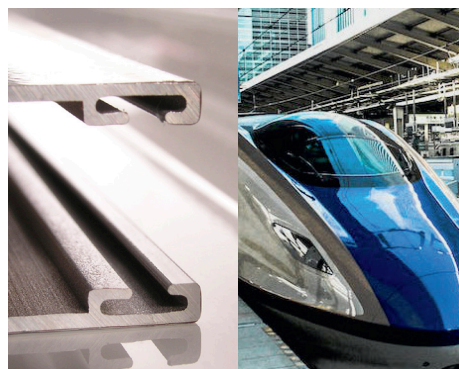

PACKAGING

As a world-leading supplier for the aluminum packaging market, we design, produce, and recycle aluminum coils and sheets for beverage and food cans, wine and spirits closures, and personal care products.

AUTOMOTIVE

We are a top provider of advanced aluminum rolled products and extrusion-based components that enable global automotive manufacturers to produce vehicles that are lighter, safer, more fuel efficient, and have greater range.

TRANSPORTATION, INDUSTRY, AND DEFENSE

We develop specialty aluminum alloys for extrusions, sheets, plates, and components used by the transportation and industry markets. We also provide advanced alloys for the defense market.

INNOVATION

Innovation is Constellium's driving force. We explore the ways that aluminum can improve performance, manufacturability, and efficiency, while seeking to minimize its overall footprint. We promote collaborative research among our teams; joint development with our customers; and partnerships with universities, labs, and scientific organizations worldwide.

SOME OF OUR CUSTOMERS

AB InBev, Airbus, Amcor, Ardagh Group, Audi, Ball, Bentley, BMW, Boeing, Canpack, Crown, Dassault Aviation, Ford, General Motors, Jaguar Land Rover, Lamborghini, Lockheed Martin, Mercedes-Benz, Pilatus, Porsche, Safran, Siemens, Stellantis, Volkswagen, Volvo Trucks...

HOW WE DO IT

We support the circular economy of tomorrow while prioritizing the safety and well-being of our employees and communities today. We have a built-in advantage in working with aluminum, a remarkable material which increases efficiency by reducing weight, and can be recycled without losing its properties. Each year, we track our sustainability performance and transparently disclose it with independent verification.

PRIORITIZING SAFETY

Safety is at the heart of everything we do so that every employee, visitor, and contractor returns home safely every day. Our safety results are among the best, and we are committed to continuous improvement.

EXPANDING RECYCLING

Recycling uses a fraction of the energy needed to produce primary aluminum and consumes fewer resources. We recycle a large and growing quantity of aluminum and have committed to using more recycled metal inputs.

DECARBONIZING OPERATIONS

Constellium is committed to improving our energy efficiency and helping decarbonize our industry. We focus on delivering lightweight, recyclable, and low-carbon solutions that support performance, sustainability, and long-term progress.

EMPOWERING WORK CULTURE

We foster a supportive and collaborative workplace where every team member's strengths and perspectives are appreciated and continuous learning and development are encouraged. We are proud to be on Forbes' 2025 list of the World's Best Employers.

PROMOTING RESPONSIBLE BUSINESS

We pursue sustainability across our business, including the supply chain. We have received the Aluminium Stewardship Initiative's Performance Standard certification for all our operations worldwide.

GIVING BACK TO OUR COMMUNITIES

We believe in promoting the well-being of the communities we call home. In addition to local community initiatives led by our sites, Constellium supports regional projects in Europe and North America through our ConstelliumCARES program.
