

Effective moisture protection during transport and storage

Container desiccants prevent condensation → **no cargo sweat** → **no container rain**

SeaDry prevents:

- Mould
- Corrosion
- Sodden packaging
- Detached labels
- Changes in odour and taste

FACTS AND FIGURES:

- ✓ Absorption capacity $\geq 300\%$ under extreme conditions that may temporarily occur in containers
- ✓ Proven **early onset and long-lasting moisture absorption** (more than 60 days)
- ✓ Relative humidity is reduced as the ingredients salt and starch convert moisture from the air **quickly and safely** into gel
- ✓ **Confirmed effectiveness** not only at higher temperatures or tropical conditions, but also down to -40°C
- ✓ Confirmation of **food safety** for indirect contact with food-stuffs

Certified for development, manufacturing, and distribution of desiccant bags and dehumidifiers

SeaDry Pole H

SeaDry Pole V

SeaDry Hook

SeaDry Blanket

SeaDry Single

SeaDry Strip

These SeaDry supply items ensure safety and protection.

All items in accordance with TL 6850-0071

Supply Number	Item
6850-12-394-2721	SeaDry Pole Horizontal 750 g, with hook, hangs horizontally, with protective box
4440-12-415-8933	SeaDry Pole Horizontal 1.200 g, with hook, hangs horizontally, with protective box
6850-12-394-2722	SeaDry Pole Horizontal 1.500 g, with hook, hangs horizontally, with protective box
4440-12-415-8934	SeaDry Pole Vertikal 1.000 g, with hook, hangs vertically, with protective box
4440-12-415-8935	SeaDry Pole Vertikal 1.200 g, with hook, hangs vertically, with protective box
4440-12-409-9690	SeaDry Hook 1.200 g, with hook, hangs vertically, adhesive
4440-12-415-8937 6850-12-394-2705	SeaDry Single 125 g, desiccant bag, compact dimensions
4440-12-415-8936 6850-12-394-2713	SeaDry Single 125 g ADH, desiccant bag, compact dimensions, adhesive
6850-12-394-2717	SeaDry Strip 750 g ADH, desiccant chain, flexible positioning, adhesive
6850-12-394-2641	SeaDry Blanket 1.500 g, desiccant blanket, lies on product / device / packaging

Various supply centres, battalions and service centres have already recognised the effectiveness and practical applicability of our SeaDry container desiccants, manufactured in Germany. They reliably prevent damage caused by moisture during storage and transportation, thereby ensuring the operational readiness of the equipment.

The SeaDry items displayed alongside are classified as **authorised supply items** with the corresponding supply number and can therefore be used as a proven solution for dehumidifying military and public sector facilities **without the need for further product evaluation**.
