

We are Eat Me At.
The best version of meat.

About Us

Eat Me At is a leading Ukrainian brand specializing in manufacturing **plant-based meat** and high-quality **ready-to-eat plant-based products**. We combine nutritional value, sustainability and taste to meet the growing demand for meat alternatives around the world.

Founded in **2021**.

Headquarters: 58/28 Verkhniy Val St., Kyiv, Ukraine.

Our Core Product Range

Plant-based burger patties

Nutritional Benefits

18 g of protein per serving (soy protein isolate + hemp protein). Enriched with iron and B vitamins.

Plant-based frozen mince

Clean Label

No cholesterol, no antibiotics.

Plant-based meatballs

Applications

For retail, for HoReCa, for private label.

Why Partners Choose Us

Full-cycle Production

We manage every stage of the production process from r&d and up to final packaging, ensuring consistency, quality control, and full traceability.

Flexible Terms

There are no minimum order quantities. We support partners of all sizes by offering scalable solutions.

High Quality

Our products are highly rated for their taste and texture by Ukrainian HoReCa and retail partners, and continue to earn strong feedback.

Stable and Scalable Manufacturing

We operate with a production model that supports both existing demand and future growth.

Certifications

HACCP & ISO 22000 certified — full compliance with international food safety standards.

Modern Production Facility

We operate an innovative facility dedicated to the production of plant-based meat.

Product

The basis of the product are soy proteins and 18 yeast extracts which create a rich, meat-like flavor profile.

Automated Lines

The production process includes automated lines for forming and packaging finished products.

Shock Freezing

We use shock freezing technology to extend product shelf life without compromising texture or taste.

Extrusion Line

Our facility includes an extrusion line that enables us to expand the range and produce our own raw materials.

Manufacturing Capabilities

Retail & HoReCa Success in Ukraine

Eat Me At partners include some of the largest food supermarket and hypermarket chains in Ukraine: Silpo, Fora, Auchan, Epicenter-K, Metro, and MegaMarket.

Retail & HoReCa Success in Ukraine

Eat Me At partners with a wide range of cafés and restaurants across Ukraine, bringing our plant-based meat to diverse culinary experiences. You can find our products featured in vegan versions of popular dishes like burgers, ramen, chebireki, pasta, sandwiches, and more.

Export Potential & Collaboration Formats

We are looking for:

- Retail chains
- Distributors and agents in the plant products category
- Manufacturers looking for sustainable solutions

What we offer:

- High-quality and delicious plant-based products
- Exclusive partnerships
- Full support throughout the deal process
- Flexible collaboration formats
- Personalized approach to every partner

Logistics & Documentation

Packaging formats available for retail, HoReCa, and on custom terms.

Shelf life: 12 months.

Full or adapted documentation available: ingredient lists, barcodes, and more.
