Dear

From Alodia Farmacéutica, we are pleased to present our biomedical company, a spin-off of the Spanish National Research Council (CSIC), dedicated to the development and manufacture of innovative medical devices and cosmetics. Our mission is to offer high quality solutions that contribute to the advancement of the health sector, guaranteeing safety, efficacy and regulatory compliance in each of our developments.

In our commitment to excellence, we have implemented a Quality Management System based on the demanding standards of the UNE-EN ISO 9001:2015 and ISO 13485:2018 standards, certifications that endorse our ability to design, produce and supply medical devices with the highest levels of quality and reliability.

With a solid scientific and technological base, at Alodia Farmacéutica we work to establish relationships of trust and collaboration with our customers and strategic partners, driving progress in the biomedical field.

We remain at your disposal for further information and to explore opportunities for cooperation.

Yours sincerely,
