

**CROMOCOL®**

We empower forward-thinking since 1945

# COMMITTED TO QUALITY FOR A BETTER TOMORROW SINCE 1945

Cromocol's forward-thinking solutions for testing empowers companies to shape the future. We deliver precision solutions and equipment that propel innovation, ensuring our clients stay ahead in their industries.

**CROMOCOL**

# ENGINEERING **EXCELLENCE** FOR NORDIC MARKET LEADERS

Over 80 years of expertise serving leading companies across the Nordics & Baltics

**Turnkey Solutions**

**Industry Expertise**

**Prove Track Record**

**CROMOCOL**

# TURNKEY SOLUTIONS

Cromocol designs comprehensive turnkey solutions that seamlessly combine multiple areas of expertise. From medical research laboratories to energy companies, we deliver integrated systems tailored to your specific industry requirements.

**CROMOCOL**

ENERGY SCIENCE

# POWERING INNOVATION IN ENERGY RESEARCH

Test equipment for battery, hydrogen  
and new energy applications.

**Dennis & David**

[dennis@cromocol.se](mailto:dennis@cromocol.se) / [david@cromocol.se](mailto:david@cromocol.se)

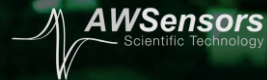

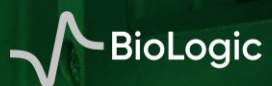

**CROMOCOL**

# ENERGY SCIENCE

## Lead the Charge with

- Battery research and QC
- Hydrogen and new energy applications
- Material analysis and development
- Electrochemistry

**CROMOCOL**

CLIMATIC SIMULATIONS

# INNOVATION MEETS PRECISION IN CONTROLLED ENVIRONMENTS

Advanced climatic chambers and controlled environment solutions for scientific research, battery testing, and indoor agriculture.

**Emilia**  
emilia@cromocol.se

**CROMOCOL**

# CLIMATIC SIMULATIONS

- Explore our climatic chambers, heat cabinets, corrosion chambers, freezers and commercial facilities.
- Aftersales support through service and calibration.
- Providing solutions for any climate – any application.

LABORATORY SOLUTIONS

# UNLOCK THE FULL SPECTRUM OF LAB TESTING

Specialists in material and surface testing.  
We offer high-quality testing equipment for textile, color, surface,  
metal, and everything in between.

**Markus**  
[markus@cromocol.se](mailto:markus@cromocol.se)

**CROMOCOL**

# LABORATORY SOLUTIONS

- Comprehensive testing solutions for diverse materials: textiles, colors, surfaces, and metals.
- Specialized expertise in surface analysis, from paint/glue bonding to pharmaceutical wetting behavior.
- Industry-specific knowledge serving textile manufacturers and automotive innovators across Sweden.

WEATHERING SOLUTIONS

# ACCELERATED WEATHERING & UV EXPOSURE TESTING

Industry-leading weathering test equipment for materials durability testing. Trusted solutions for sun exposure testing.

**Sven-Arne**  
[svenarne@cromocol.se](mailto:svenarne@cromocol.se)

**CROMOCOL**

# WEATHERING SOLUTIONS

- Complete solutions compliant with international standards (ISO, ASTM).
- Trusted by automotive, paint & coatings, plastic, aerospace, pharmaceutical, textile, and packaging industries.
- Specialized in materials durability testing for diverse applications, custom solar simulation and outdoor weathering testing.

CROMOCOL

SERVICE & SUPPORT

# EQUIPMENT MAINTENANCE, CALIBRATION & TECHNICAL SUPPORT

At Cromocol, we take pride in providing reliable service and support for a seamless experience with your equipment. Certified technicians provide installation, calibration, remote support, and preventative maintenance.

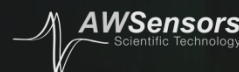

[support@cromocol.se](mailto:support@cromocol.se)

**CROMOCOL**

# SERVICE & SUPPORT

- Expert installation with precision setup, seamless workflow integration, and on-site training
- Comprehensive maintenance including calibration, adjustments, and part replacement using annually calibrated instruments
- Responsive technical support Monday-Friday with emergency visits to minimize downtime
- Proactive services: certified technicians, pre-installation consultations, and preventative "health checks" for climate units

**CROMOCOL**

# WE ARE COMMITTED TO YOUR SUCCESS

**Installation Excellence**

**Comprehensive Service,  
Including Calibration and  
Adjustments**

**Remote Support and  
Emergency Visits**

**Certified and Trained  
Technicians**

**On-Site Consultation**

**Health Check for  
Climate Units**

# A PART OF THE **CROMOCOL GROUP**

Our group comprises niche leaders known for setting the highest quality standards in their fields. Together, we represent the pinnacle of quality and innovation in material testing and quality control.
