

Haute Couture Olive Oil

Queen Didon, also called Elissa, daughter of Tyr and sister of Pygmalion, is the legendary queen who founded Carthage.

A very long time ago, a Carthaginian princess named DIDON forever associated her name with a tradition that has become millennial, with the tradition of picking olives by hand.

Over the centuries, this tradition gave birth to a precious olive oil with inimitable taste.

Our brand is inspired by our rich Tunisian Heritage.
