

HAZERFEN.NET · AzimuthLink

REBUILDING UKRAINE'S ENERGY INFRASTRUCTURE — INDEPENDENT BATTERY HEALTH DIAGNOSTICS

Rebuild Ukraine Matchmaking Platform · April 2026

HazerFen.Net

An AzimuthLink Mühendislik, Sanayi ve Ticaret Limited Şirketi Brand

Electrical Engineering · Power Systems · NDT Testing

Est. **1993**

30+ years field experience

HazerFen.Net specialises in electrical engineering and power transmission, energy control system equipment supply, and NDT testing services. With over three decades of field experience across international markets, our engineers deliver optimised solutions with minimum cost and schedule risk.

HV — HIGH VOLTAGE GRID SYSTEMS

- Aluminium aerial bundled cable (ABC) and overhead line conductors
- Power circuit breakers, HV power cells, surge arresters
- Switchgear (şalt tesisi) equipment and devices
- Transformers and transmission line towers

LV — LOW VOLTAGE SYSTEMS

- Copper power cables and accessories
- MCB, MCCB, RCD, MPCB, thermal overload relays
- Surge protection devices (SPD), time relays
- Power and energy management systems
- EX-proof luminaires

POWER AND CONTROL SYSTEMS

- IP65 / IP54 industrial enclosures and MCC panels
- Motor control centres (MCC), busbar systems
- Contactors, control buttons and signal lamps
- MCB, MCCB, RCD, MPCB, thermal relays, timers

LIGHTING

- Indoor: decorative, functional, panel and spot luminaires
- Outdoor: area lighting, garden and landscape luminaires
- LED strip and LED module systems with accessories
- Emergency and evacuation lighting fixtures

NDT TESTING & CALIBRATION

- Battery health assessment and SOH measurement
- Performance tracking and efficiency monitoring systems
- On-site mobile testing services (BESS and BTS)
- IEEE / IEC compliant independent technical reports

FRP COMPOSITE CABLE MANAGEMENT

- Fibre-reinforced polymer (FRP) cable trays
- FRP cable ladders, trunking and box systems
- Corrosion-resistant solutions for harsh environments

SERVICE MODEL

Pre-design consultation

Engineering & material selection

Supply Installation supervision

Testing & commissioning

Tendering & bidding support

International project delivery
